# TO LAY PLANS TO BREAK STRIKE

## Conference of Operators With Pennsylvania's Governor.

Washington, Nov. 29—Operators in western Pennsylvania, which is a part of the central competitive field, will meet Governor Sproul of Pennsylvania, at Philadelphia Monday, to discuss plans for protecting miners wishing to return to work, according to information received here today by the operators' committee.

FOUR STATES INCLUDED

Those in close touch with the situation regarded this as the first indication of an attempt to break the strike in the highly organized central field. It was expected that general plans for all four states included in this field would be discussed when the operators' wage scale committee reconvened here Wednesday.

TO END STRIKE

The call for the meeting said the purpose was to harmonize details of the proposed 14 per cent wage advance, but methods of bringing the strike to an end were expected to be the most important subject considered.

WILL USE NON-UNION MEN

Oklahoma City, Okla., Nov. 29 — Dorset Carter, president of the Oklahoma Coal Operators' association, announced to the state council of defense today that Oklahoma coal operators would throw open their mines to non-union labor immediately and would defray expenses of the state guard protecting non-union workers should the state's request for federal troops be refused.

BATTLE GROUND SHIFTED,

Washington, Nov. 29—The battleground of the conflict over a new wage scale in the bituminous coal industry, which has centered here during two weeks of fruitless negotiations, today shifted to the various fields in all sections of the country.

PROTECTION ASSURED.

Operators returning home to attempt to re-open their mines, and ready to pay the 14 per cent wage advance suggested by Fuel Administrator Garfield, received the assurance of the government that troops were ready to protect from violence any miners wishing to return to work. At the same time notice was served that the failure of operators to cooperate with the government in restoring coal production to normal would result in federal control of the properties.

AWAIT DEVELOPMENTS

Federal District attorneys having been instructed relative to proceeding against either operators or miners restricting the output of coal, the department of justice simply awaited developments.

ANNOUNCE INCREASE.

Indianapolis, Ind., Nov. 29—Today will mark the first concerted effort by operators in the Indiana coal fields to bring about resumption of operations of mines tied up by the strike of United Mine Workers of America on Nov. 1. Mine owners posted notices that the increase of 14 per cent proposed by Fuel Administrator Garfield would become effective at once and some of the operating companies added that miners would be guaranteed the difference between the scale just offered and the scale that may be finally decided upon.

WONT ASSURE LATER RISE.

Terre Haute, Ind., Nov. 29—Operators in the Indiana field will not offer as an inducement to miners to resume work any guarantee of a price for mining coal beyond the 14 per cent increase named in Fuel Administrator Garfield's proposal. This statement was made today at headquarters of the Indiana Bituminous Coal Operators' association, in connection with press dispatches stating that operators would insure to the miners a guarantee of any price that might be agreed upon in the future.

Denver, Nov. 29.—An increase averaging 14 per cent will be granted to coal miners in accordance with the recommendations of Fuel Administrator Garfield, it was announced by the Colorado Fuel and Iron company, effective Dec. 1.

CURTAILING.

Chicago, Nov. 29.—In Kansas City the local fuel administration has ordered motion picture theaters closed next week but ruled that church services may be held where no fuel is used, and both public and private schools will be closed indefinitely.

Generally throughout the country, electric signs have been discontinued and the use of electric power for all purposes greatly reduced.

In Indianapolis, manufacturing plants are operating on a half time basis.

A local board to prescribe fuel conservation was established in Lincoln, Neb.

The Illinois public utilities commission adopted a resolution urging the utmost conservation, requesting all unnecessary illumination discontinued at once, and urged boards of trade and chambers of commerce to consider how further conservation, in addition to reducing the operation of public utilities to a necessary minimum might be accomplished.

Washington, Nov. 29.—John L. Lewis, acting president of the United Mine Workers of America, who had borne the brunt of the wage negotiation fighting, went home last night, worn out by the long wrangle.

Before leaving for Indianapolis, Lewis saw Secretary of Labor Wilson and Samuel Gompers, president of the American Federation of Labor. He did not have much to say about the situation and explained that he had arranged with Gompers to have the federation's lawyers assist counsel of the miners in the perfecting their appeal from the ruling of Federal Judge Anderson, ordering the coal strike order cancelled.

MINES MUST OPEN

Washington, Nov. 29.—It is not the intention of the Government to let the mines remain idle with half of the country in the grip of cold weather and the coal supply rapidly diminishing.

The administration, it was thought, had fully expected the miners to reject the fourteen per cent wage increase offered by fuel administrator Garfield.

In official circles, it was said that the federal authorities were determined to force resumption of operations on the terms laid down by the fuel administrator.

Representatives of the miners here still declare the 14 per cent offer will be ignored, especially in the central competitive fields, embracing the states of Ohio, Illinois, Indiana and western Pennsylvania. Operators, however, believe it will draw large numbers to the mines and that next week will see a big increase the daily soft coal output.

HEATLESS STREET CARS,

Rock Island, Ill., Nov. 29.—Heatless street cars were inaugurated this morning in Rock Island, Moline and East Moline, Ill., and Davenport, Ia. It is reported fuel for public utilities will last but little more than a couple of weeks longer.

COLLAPSED

Sheridan, Wyo., Nov. 29.—All miners in the Sheridan county coal fields returned to work yesterday, the strike having collapsed.

TAKE OUT YOUR TOOLS

Cumberland, Md., Nov. 29. — The Georges Creek Coal company, the largest coal operators in the Alleghany county last night issued this order:

"In view of the fact that the employees of this company quit work without notice, the mines will be closed indefinitely. Former employees will remove their tools by tomorrow or Monday and call at the office Monday afternoon to be paid off."

## *Expect Work In Illinois Soon*

Chicago, Nov. 29.—Immediate results in increased production of bituminous coal were not expected today to follow the government's announcement that it proposed to see mining begun and posting at the shafts by the operators of notice of the granting of a 14 per cent wage increase. Operators spoke upon the latest steps in the 29 days old miners' strike with optimism, however, and believed that on Monday many workmen would re-enter the mines.

ATTITUDE OF MINERS.

On the other hand miners' spokesmen generally predicted that few men would return to work under these conditions, adding that the offer would be ignored especially in the great fields of the central competitive area, embracing Ohio, Illinois, Indiana and western Pennsylvania.

Milder weather today over much of the country brought much needed relief.

FUEL RESTRICTIONS.

With radical restrictions on use of fuel in force in many places, notably Kansas City, Mo., Omaha, Neb., and Indianapolis and the entire southern region, state and local officials today considered further means of warding off a famine.

VOLUNTEERS.

In Kansas, Governor Henry J. Allen went ahead with plans for opening up the strip pits Monday. He said 4,000 men had volunteered and he conferred last night at Kansas City, Mo., with Major-General Leonard Wood, commander of the central department of the United States army.

Early movement of army supplies and equipment for the volunteers was expected today as a result of the conference at which it was decided ample materials would be sent into the coal fields from Camp Funston and Fort Leavenworth and St. Louis.

The first movement of volunteers to the fields is expected Monday.

WYOMING AT WORK.

Announcement was made that all mines in Wyoming were being worked today. Possibility of settlement of the strike in Illinois brought encouragement. Miners in that, one of the nation's greatest fields, apparently joined with the operators in hope for an agreement, although neither side would admit there was such a prospect.

MORE STRIKES.

New trouble in the West Virginia field, from which most of the coal mined since the strike was called has come, today threatened to reduce the approximately 40 per cent of a normal amount the government said had continued to be brought out in all states.

A walkout of engineers and pumpers at some of the southern Illinois mines also was reported today.

At Gallup, N. M., twenty-five striking miners today were under arrest.

RELEASED.

The sixty-two miners arrested in Wyoming by the military in connection with state and federal officers today were at liberty to return to work.

Secretary of War Baker today had before him a request from J. B. A. Robertson, governor of Oklahoma, for troops to be sent into that state to protect miners who desired to reenter the mines.

HOUSING FOR TROOPS

Pittsburg, Kan., Nov. 29.—The state has taken over the buildings and grounds of the state manual training normal for the accommodation for soldiers ordered to Pittsburg in connection with the opening of the coal mines.

Col. P. M. Hoisington of the Kansas national guard, reached Pittsburgh today and took charge of arrangements for the troops.

## *Gardner Calls Nine Governors*

Jefferson City, Mo., Nov. 29.—Governor Frederick Gardner of Missouri today invited the governors of nine states to meet at St. Louis tomorrow to discuss the situation arising from the bituminous coal miners' strike.

The governors invited are those of Illinois, Ohio, Iowa, Kansas, Oklahoma, Arkansas Tennessee, Kentucky and Indiana.

## EXILE OF GREEK KING IS REPORTED

Geneva, Nov. 29.—A report received here from Lugano is to the effect that King Alexander of Greece has been exiled as a result of the recent plot against Premier Venizelos. The report adds that Alexander is expected in Lugano, coming from Italy and will join his father who is at Zurich.

There is no confirmation of the report.

# Blow Illinois Whistles Tonight

Springfield, Nov. 29. — Operators throughout Illinois posted notices at their mines today that miners returning to work would be granted a 14 per cent increase as proposed by Fuel Administrator Garfield. Whistles would be blown this evening summoning the night shift to work the operators said, but they admitted they expected no general response.

OPERATORS HAVE NO PLANS

Operators of the Springfield subdistrict said they had no plans for opening the mines. They expressed doubt that any great number of miners would return to work in response to an offer of a 14 per cent increase.

State officials are following the strike situation closely but there was no indication today that they had any plans for bringing an end to the tie-up.

TO OPEN IN FOUR COUNTIES,

Peoria, Nov 29.—Operators in this vicinity will at once attempt to open mines on the bases of the 14 per cent increase in wages to miners as fixed by Fuel Administrator Garfield and with no change in conditions of employment. Advertisements announcing this were inserted in newspapers here today, signed by 20 companies of Peoria, Tazewell, Fulton and Mercer counties.

# MEXICO MUST ACT AT ONCE

Washington, Nov. 29. — Although denial from Mexico City of the reported fighting there between followers of President Carranza and General Alvaro Obregon, presidential candidate, served to ease the tenseness of the relations between Mexico and the United States, the state department today had not altered its determination to enforce the demand for the prompt release of American Consular Agent Jenkins, imprisoned on the charge of conniving with his bandit captors.

ANOTHER KILLED

On top of the already delicate Mexican situation was the report of the murder of another American, W. M. Wallace, oil man, who was shot down by a Carranza soldier. This, combined with the Jenkins case, was expected to spur the state department to strong diplomatic action against the Carranza government, which has been warned repeatedly against mistreatment of American citizens.

SHOWDOWN NOW

Mexico probably will be called upon for a showdown once and for all if the reported killing and molestation of American citizens continue and the American consular agent remains confined in prison on what American officials believe are trumped up charges.

Eight Americans have been killed in Mexico within the last few months and government officials and members of congress have expressed indignation over the apparent laxity of the Mexican government in dealing with the outlawry.

MAY OFFER MEDIATION.

Santiago, Chile, Nov. 29.—The Nacion today says it has learned from well informed diplomatic circles that there is a possibility of mediation by the governments in the A. B. C. group (Argentina, Brazil and Chile) with the object of composing the differences that have arisen between the United States and Mexico over the case of Consul Jenkins.

## TO INSIST ON EARLY RETURN OF BODIES

Paris, Nov. 29.—Efforts to return the bodies of American soldiers soon, are being continued, regardless of the officially expressed attitude of the French government against permitting American exhumation before the same privilege is accorded French families. The American embassy has presented to the foreign office a note from Washington setting forth the desire of the American people to have their dead in their own country as soon as possible.

Notwithstanding the French official attitude against allowing the Americans to remove their dead while the French must wait, it is said to be the feeling in some French quarters that it would be difficult to refuse the Americans if pressure were exerted.

## FIVE SUGAR JOBBERS HELD TO GRAND JURY

Chicago, Nov. 29.—Five sugar jobbers were held to the federal grand jury yesterday on charges of profiteering and their bonds fixed at $5,000 each. Some of them sold sugar to retailers at 17½ cents a pound.

The Illinois fair price committee proposes to add clothing and shoes to its price list.

## JOHNS HOPKINS FIRE LOSS NOT SO HEAVY

Baltimore, Md., Nov. 29.—Revised estimates of the loss caused by the fire which early yesterday wrecked three of the groups of buildings in the center of the city, formerly occupied by Johns Hopkins university and damaged a score of residences and stores, placed the absunt at approximately $700,000. The loss to the university alone may reach $500,000 but it is covered by insurance.

# HUNGER STRIKERS EAT RAVENOUSLY

New York, Nov. 29.—The hunger strike of the "Ellis Island soviet" was broken today. All but five of the sixty-eight radicals who had refused to eat since last Monday evening eagerly answered the call to the dining room for breakfast.

After a five-days' fast they were ravenous and were first in the immigrants' dining hall. They devoured prunes, mush, bread, substitute butter and coffee and asked for more.

Those who continued the hunger strike in an effort to have removed an iron barrier separating them from visitors included Ethel Bernstein and Dora Lipkin, who were arrested in a raid on a New York Russian headquarters. They were the only women on hunger strike.

SILENCE ALSO ENDS.

The silence strike of the sixty-eight has also collapsed. Word that the department of justice was providing the island with eight husky guards to force them to attend deportation hearings before immigration inspectors, was brought to the radicals by their counsel. The guards had not arrived today, but the inspectors found no difficulty in getting them to go from the detention room to the hearing room once they had been identified.

# DRASTIC CUT IN TRAIN SERVICE

St. Paul, Nov. 29.—It was admitted in high railroad circles here today that the federal railroad administration is preparing to make drastic decreases in its passenger train service throughout the United States if the coal situation becomes critical. The reduction of passenger services from the twin cities may involve 100 trains, it was said.

## PIONEER COMPANY CHANGES POLICIES

Winnipeg Man., Nov. 29.—The Hudson' Bay Company has altered its policies with the rapid advance of civilization that has curtailed the production of furs in its territory and has become one of the great merchandising corporations of Canada. With two centuries and a half of history behind it, the company is now is closing out to farm settlers the land that represents the last vestige of its former empire.

A chain of department stores extending across western Canada has been established. The company now has stores in Winnipeg, Calgary, Vancouver, Edmonton, Lethbridge, Macleod, Kamloops, Nelson, Vernon, Victoria Qu'Appelle and Yorkton. Those in Calgary and Vancouver are comparable to the great department stores of the United States. The company is now planning to build in Winnipeg the largest department store in the dominion.

STILL BIG FUR TRADER.

The company is still one of the world's greatest fur traders. It has 112 fur posts and still sends to England annually millions of dollars worth of raw furs. But with the wonderful growth of its business as a general merchant, it no longer has need of land.

CHARTER IN 1670.

Under its charter granted by King Charles II in 1670, the Hudson's Bay Company became virtually sole owner and ruler of three-fourths of North America. Its territories extended from the Great Lakes to the Pacific and from the Arctic Ocean far south across the present American boundary line to the Spanish settlements in California.

When it surrendered its authority over this vast region to Canada it received as an indemnity $1,500,000 and retained one-twentieth of all the land in the fertile belt between Lake Winnipeg, Lake of the Woods, the waters connecting them with the Rocky Mountains and between the North Saskatchewan river and the international boundary.

The land amounted to 3,200,000 acres at the end of October and has been untouched by the plow in the midst of the richest sections of western Canada. Farmers of districts that hem it in have long cast covetous eyes upon it. In a few years it is expected it will be dotted with the farms of settlers, and grain fields will wave over the last remnants of the Hudson's Bay Company's ancient empire.

## DIPLOMACY HASTY SAYS MEXICO PAPERS

*[By The Associated Press]*

Mexico City, Nov. 29.—That American diplomacy has acted hastily and without complete knowledge of the facts is the concensus of the editorial opinion of the newspapers in Mexico City in dealing with the situation existing between the United States and Mexico as a result of the arrest of William O. Jenkins, the American consular agent at Puebla. The Mexican government's reply to the demand of the United States for the release of Mr. Jenkins is characterized as a prudent and energetic expression of public sentiment.

## DEPORT FOUR FROM ST. LOUIS IS ORDER

St. Louis, Nov. 29.—Federal warrants for the deportation of four alleged radicals held here were received from Washington yesterday. Frederick W. Friedman, a Chicago editor, is one of the quartet named in the warrants.

## NO TREATY UNLESS WILSON RECEDES

Phoenix, Ariz., Nov. 29. — United States Senator McCumber of North Dakota last night declared that although an ardent supporter of the peace treaty and the covenant of the league of nations, he was frank to admit that unless President Wilson was prepared to recede from the position he took at the close of the peace conference "he will have no peace treaty."

"There is no question," said Senator McCumber, "but that our reluctance to enter into any agreement for preservation of the peace of the world unless we are accorded special advantages over the nations, has created a sentiment of distrust toward us as well as a growing belief that our proclamations for world justice are just a trifle selfish and not wholly sincere."

# GIVES BLOOD TO SAVE WOMAN HE SHOT

Washington, Nov. 29.—Mrs. Florence Robinson, comely young matron lying near death in a hospital, and Grover Gordon, little more than a youth, who, because, he said, he loved her, yesterday shot the woman through the body, and who for the same announced reason twelve hours later kept her alive by giving his blood for transfusion to her veins, today were the principals in one of the most remarkable crime incidents in Washington police history.

Following the jealous quarrel recently Gordon yesterday went to the home of the young woman, who some time ago had separated from her husband, to bid her final good-bye, as he expected to leave that day for his old home in Wheeling, W. Va. As she stood in his embrace Gordon fired a revolver shot through her body.

After his arrest last night Gordon was told that Mrs. Robinson would die unless someone speedily volunteered to submit to blood transfusion. He eagerly offered himself and requested only that only if the patient still was conscious she be told of his action.

Physicians today said it was too early to say whether the operation would save Mrs. Robinson's life. In the meantime the police were wondering what the effect would be should the woman whom Gordon had tried to kill be saved from death through his own sacrifice of blood.

## WILL NOT TALK OF PROPOSED TRIAL

London, Nov. 29.—In a printed parliamentary reply to questions asked him on the subject, Premier Lloyd George declares it is not expedient to say more regarding the proposed trial of former Emperor William of Germany "and other criminals" than that an enormous mass of evidence, including many thousands of depositions, have been examined, and that the final list of accused persons is under consideration.

## SPONSORS CHOSEN FOR LADY ASTOR

Plymouth, Nov. 29—Lady Astor will be sponsored on her first appearance in the House of Commons Monday by Lord Edmund Talbot, only brother of the 15th Duke of Norfolk, and Lieut-Col. Herbert H. Spencer Clay, her brother-in-law, whose wife is Pauline, daughter of the late Viscount Astor.

GIVEN EDITORIAL WELCOME.

London, Nov. 29. — Lady Astor's election to the House of Commons from Plymouth is easily the feature of this morning's newspapers, which devote their best columns to incidents and pictures in connection with yesterday's ceremonies at the Plymouth Guild hall, discussions of her future status in the House of Commons and other details of the situation.

Never, perhaps, has there been such a hearty and general editorial welcome given any members of the house, newspapers of every shade of political opinion congratulating Lady Astor and welcoming her entry into commons, where "wonderful opportunities await her." The fact that her entry into parliament breaks a tradition of six centuries is remarked with especial interest.

# DEMAND REVISION TEXT BOOK PRICES

Springfield, Nov. 29.—In an effort to compel State Superintendent of Public Instruction Francis G. Blair to revise the list of prices on school text books, the Albright and Stehman Publishing company of Chicago today filed a petition with the supreme court asking permission to obtain a writ of mandamus ordering the state superintendent to fix new prices.

The petition alleges that due to the increased cost of materials and labor the price list now in effect is inadequate. Superintendent Blair refused to revise the list, contending that under the present law the lists can not be changed until the expiration of five years.

# CONGRESS WILL GET MESSAGE TUESDAY

Washington, Nov. 29. — President Wilson's message to Congress will not be transmitted until Tuesday, it was said today at the White House. It is expected to cover a wide range of subjects with particular attention to the industrial situation.

The president has been working on the message for two weeks, dictating to a stenographer in his sickroom.

Because of his illness, the president will find it necessary to depart from his custom of delivering his message in person.

## I. W. W.'S MAY STARVE IF THEY CHOOSE

Tacoma, Wash., Nov. 29.—The city council yesterday agreed to let the twenty-two alleged I. W. W.'s on hunger strike in the city jail starve if they want to, following a report from Assistant City Atty. Frank Carnahan that the city cannot be held responsible.

## CABLEGRAMS.

Paris, Nov. 29.—Paul Jourdann, member of the chamber of deputies from the upper Rhine district of Alsace, has been appointed minister of labor, succeeding M. Colliard, who resigned.

*[By The Associated Press]*

Berlin, Friday, Nov. 28.—The semi-official news agency says the workers of the Bitterfeld district voted 6,000 to 4,000 this morning to declare a general strike, at 2 o'clock this afternoon.

London, Nov. 29.—The Esthonian government has announced that peace negotiations with soviet Russia will be begun at Dorpat on Tuesday next, Dec. 2.

*[By The Associated Press]*

Rome, Friday, Nov. 28—The directorate of the Socialist party today wrote Premier Nitti demanding that Russian prisoners taken over by Italy from Austria-Hungary after the defeat of the dual monarchy be released unconditionally.

Amoy, China, Friday, Nov. 28. — Reports reaching this city from Fuchow state that many Chinese have been arrested there by detachments landed by Japanese warships.

# U. S. GETS 2 PER CENT GERMAN FLEET

Paris, Nov. 29.—The supreme council yesterday adopted the British suggestion for partition of the German war fleet. Under the arrangement Great Britain will receive 70 per cent of the total tonnage, France 10 per cent, Italy 10 per cent, Japan eight per cent and the United States two per cent.

France is to get ten German submarines, the supreme council decided today in continuing its consideration of the allotment of German naval tonnage among the allies. France is allowed this number of submersibles, it is explained, because during the war she was unable to build to the extent of others of the allies, her plants being devoted to the making of munitions for the use of all.

The present understanding is that the remainder said the supreme council also had decided that France would get at least five light cruisers and ten torpedo boats for reasons identical with those given in the allotment of the submarines. Italy, it was stated was likewise to get a similar allotment of the smaller warships.)

BERLIN TOO STUBBORN.

Paris, Nov. 24.—(Havas)—German Democrats and Socialists are urging the Berlin government to modify its attitude relative to prisoners of war an reparation for ships sunk by their German crews in Scapa Flow, according to dispatches from Berlin published by the Presse De Paris. It is said that members of the parties believe the government has been too stubborn in making the stand evidenced by the two notes received yesterday by the peace conference.

## SELECT ROUTE FOR BOND ISSUE ROAD

Springfield, Nov. 29. — The preferred route for the bond issue road between Chicago and Stockton was announced today by Clifford Older, chief highway engineer. The road would connect the following larger cities and towns: Elgin, Pingree Grove, Marengo, Belvidere, Rockford, Freeport, Elroy and Stockton.

## LOW TEMPERATURES AT MANY POINTS

Kansas City, Mo., Nov. 29.—Rain or snow continued to fall in many localities in northern Missouri, Kansas and Oklahoma last night, according to reports received here today. Low temperatures prevailed in numerous places, especially in Kansas, and there were further reports of discomfort and suffering due to the coal shortage.

## REPORT ROUMANIAN DYNASTY TOTTERING

Paris, Nov. 29.—A movement looking to the establishment of a republic in Roumania, which is under the direction of General Fofoza Averesco, former minister of war, and Take Jonescu, former minister without portfolio, has spread to Bessarabia, Transylvania and Bukowina, according to a Bucharest dispatch to the Oeuvre. The situation is said to be alarming for the dynasty.

# SNOW, RAIN, COLD IS WEEK'S FORECAST

Washington, Nov. 29. — Weather predictions for the week beginning Monday, issued by the weather bureau today, are:

Region of the Great Lakes—Temperatures considerably below normal first half, with fair weather, except local snows Monday over lower Lakes. Unsettled last half of week with occasional snows or rains and nearly normal temperatures.

Upper Mississippi and Lower Missouri Valleys — Fair first half of week, unsettled second half, probably occasional snows or rains. Cold early in week; nearly normal temperatures thereafter.

# WILL TIE UP KANSAS CITY TERMINALS

Kansas City, Mo., Nov. 29. — Two thousand railroad trainmen and yardmen of Kansas City are to go on strike at four o'clock this afternoon according to an announcement by local Brotherhood of Railway Trainmen officials.

All of the railroads entering Kansas City will be affected with the possible exception of the Chicago, Rock Island and Pacific. The strike vote was taken at an early hour this morning.

W. M. Corbett, president of the Kansas City terminal and the government railroad representative here said he was doing everything he could to keep the terminal men from striking.

It was said the strike order resulted from local grievances, and it was hinted that a radical element among the railroad workers was responsible for its issuance.

Union officials of the trainmen said the national issues of the railroad men being discussed at Cleveland had no part in the strike.

FAR REACHING EFFECT

A strike of trainmen here would tie up coal shipments for a great part of the southwest.

EFFORTS TO AVERT WALKOUT

Only men working in the yards of the two Kansas cities are involved in the strike and chairman of roadmen, members of the Brotherhood of Railroad Trainmen working out of Kansas City are making great efforts today to avert the local walkout.

Whether members of the local switchmens union will also strike is as yet uncertain.

WARNS STRIKE IS ILLEGAL

H. A. Carroll, general chairman of the B. of R. T. here, issued the following warning to trainmen:

"There has been an unauthorized strike called to take effect at 4 o'clock November 29, involving all yardmen in the greater Kansas City switching district. As a result of this strike call, it is assumed that a large number of the men will respond and the purpose of this notice is to advise you one and all that a strike of this character is illegal under the laws of the Brotherhood of Railroad Trainmen and any one participating therein does so on their own responsibility and thereby forfeits any protection otherwise granted them under the laws of the brotherhood. It is necessary that the undersigned reiterate what has been said to some, if not all of you on former occasions, and that is:

INCREASE SUFFERING

"This is a most inopportune time for a strike such as contemplated and I again urge that you give this matter your most earnest and serious consideration, keeping in mind how a rail strike at this time would increase the suffering of the people who are now facing famine and suffering brought about on account of the coal strike.

(Signed) "H. A. CARROLL,
General Chairman."

If the men carry out their purpose it will mean that Kansas City and surrounding territory will be left practically without fuel as none can be moved without the aid of the switchmen.

Brotherhood committee chairmen representing trainmen operating trains out of Kansas City were endeavoring to call a conference this afternoon of chairmen of the yardmen's locals for the purpose of urging them to rescind the strike order.

City officials also are being urged not allow the drastic fuel order in effect here which forbids public gatherings, from interfering with meetings of railroad men at this time. Otherwise they assert confusion might result in the inability of the union heads to counsel with the men.

# YOUNG LADS FACE SERIOUS CHARGE

Shelbyville, Nov. 29.—Ralph Hite, fifteen years old, whose home is in Virginia, and Edgar Beach, thirteen, living in Kentucky, were arrested in Flora and return to Cowden, where they waived preliminary hearing before Police Magistrate S. Z. Burrows on a charge of burglary and larceny. They were returned to Cowden by the B. & O. special officers. Their bond was fixed at $1,000. They were lodged in jail in Shelbyville and will remain until the March term of the circuit court when the grand jury convenes.

CHARGED WITH BURGLARY.

The boys are charged with breaking into George Moore's restaurant in Cowden and stealing gold watches, razors, pocket knives, and other articles from some punch boards. Entrance was gained by breaking a plate glass window valued at $60. Hite is said to have been implicated in a number of other thefts of a similar nature, one said to have been stealing $300 from a hotel in Kentucky where he formed the acquaintance of the Beach boy. Hite is also said to have made his escape from a reformatory in Virginia three times, the last time successfully getting away.

SERVICES AT NIGHT.

Thanksgiving services were held in the First Methodist church Thursday evening instead of morning as has formerly been the custom. The sermon was by the Rev. C. L. Burden, pastor of the Baptist church. The opening prayer was by the Rev John A. Tracy of the Presbyterian church and the closing prayer by Rev Jasper L. Douthit. William Eddy led in the song service. There was a fair attendance. It was the first time Rev. Mr Burden has appeared in union service, as he is a new minister in the city.

COW SELLS FOR $120.

The S. S. Loryon sale held three miles south of Cowden was attended by a large number of people. Seventy-five head of thoroughbred cows were sold, four hundred sixty-five head of sheep, and three hundred fifty head of hogs. All the stock brought good prices for the time of the year. The highest price paid for a cow was $120. The cows averaged seventy dollars. The sheep brought five-fifty to twelve dollars. The hogs were feeders and brought seven dollars to twenty-two dollars a head.

Ralph Donahue Williams of Shelbyville and Miss Florence Ethel Morgan of Pana were married Wednesday evening in the home of the bride's parents in Pana. The bride is the daughter of Mr. and Mrs George Morgan of Pana, and is a graduate of the Pana township high school and prominent in social circles in Pana. The groom is the son of Mr. and Mrs. A. W. Williams of this city and with his father and brothers is engaged in the painting business. He is a graduate of the Shelbyville high school and of the Sparks Business college.

Mr. and Mrs Williams visited Decatur on their wedding tour.

A marriage license has been issued to Hershel Bateman, 23 of Findlay and Hazel B. Johnson, 22, of Findlay.

# MRS. BLAKLEY DIES IN ROSEMOND TP.

Pana, Nov. 29.—Mrs. Julia Blakley, wife of James Blakley, of Rosemond township, died at her home at 12:30 o'clock Friday morning from senility, with complications.

Mrs Blakley was born in Ireland, July 12, 1851, and has long been a resident of Rosemond with a wide acquaintance and highly esteemed. She is survived by her husband and daughter, Mrs. Elizabeth Newton, and sons, James J. Blakley, of Pana; William J. and Henry M. Blakley, of Rosemond, and one brother, George Montgomery, living in Ireland.

The funeral services will be held at the home, Sunday afternoon at 2:30 o'clock, with Rev. Mr. Walters, pastor of the Rosemond Methodist church, officiating, and with Messrs. Newton, Wilcox, John Hess, John Orr, Herbert Moxley and William Cowan all neighbors, as pallbearers. Interment will be in the Rosemond cemetery.

ALLEGES INJURY FROM GAS.

The State Compensation Board met in an adjourned session in the city hall, Friday, Arbitor Work, presiding.

The case of John H. Hanse, against the Pana Coal company for alleged injury to his heart, resulting from inhaling gas while at work in the mine, of the company. This is one of the most stubbornly contested cases that has been heard by the board in this section. All of one day was taken up with it in Taylorville some three weeks since and adjournment taken until today here. The interest of the complainant was in the hands of Mr. Kerr, national attorney for the United Mine workers, while Mr. O'Donnell, attorney for the casualty company, made the defense. Expert testimony was given as to the effect of gas on the heart, and the possibility that was caused injury to the heart. Dr. Fred Evesmacher of this city, Dr. Deal, surgeon of Springfield, Dr. D. M. Littlejohn, Pana, were given a thorough testing out of their ability as experts.

THANKSGIVING SERVICE.

The Protestant churches of this city held union services in the First Presbyterian church Thanksgiving morning at 10 o'clock. The ministers and congregations of the churches attended this service.

Rev. C. E. Tucker, pastor of the Faith congregational church delivered the sermon, "Thanksgiving" was the subject of the sermon.

The service was a big success and the church was so crowded that there was hardly standing room.

ALUMNI WIN.

The players of the high school team had their first local game with the alumni team Thursday afternoon at Smith's Ball Park just south of town. The game was 6 to 3 in favor of the alumni. It was a clean but slow game and both teams were in need of practice. A fair sized crowd was present at the game.

The Alumni team consisted of the following former high school stars: George Ross, Paul Roley, Walter and Fred Funkenfelt, Myron Hasinbiller, Bill Hasinbiller, Lloyd McTaggart, Bob Murry, Leland Cothern, I. Cothern and George Hasinbiller.

The Woman's Guild society of the First Presbyterian church has postponed the meeting to be held Friday, Nov. 28, until Wednesday, Dec. 30.

# IDENTIFY STOLEN TANK AT TUSCOLA

## Murdock Bank and Hume Garage Robbed by Same Men.

Tuscola, Nov. 29. — Charles McAdams, village marshal of Hume, was here Friday afternoon and identified at least one of the acetylene gas tanks, found by the county officers when they visited the scene of the Murdock bank robbery early in the week, as belonging to the Armstrong garage at Hume, having been stolen from that place. The identification of the one gas cylinder was positive, as it was made by the number on the tank, and by which it was charged by the shippers to the Hume garage. Three tanks were found in the bank room after the robbery, and the Hume garage had lost two such tanks, but positive identification of either of the others could not be made as the robbers had taken the precaution to burn the numbers from them. The tank which was identified was turned over by Sheriff Parker to Mr. McAdams and it was taken back to the owner by him. While the identification of the gas tank probably does not furnish any clue as to the persons who committed the robbery of the bank, it does establish the fact that the people who robbed the bank and those who robbed the garage are the same gang and that the robbery of the garage was for the purpose of securing the gas with which to burn the steel vault doors.

ANNOUNCE WEDDING.

Miss Hattie George of Champaign, and formerly of this city, and Roy Willington also of Champaign, were married at Danville on Wednesday. The couple had been invited to attend a Thanksgiving dinner at the home of Mr. and Mrs. Walter D. George of this city on Thursday. Mr. George being a brother of the bride. Tuscola relatives of Mrs. Willington did not know of the marriage of the couple until after their arrival here on Thanksgiving day, when they announced their wedding as a surprise. The bridegroom is not widely known here, but is said to be a druggist and employed in the Cunningham drug store in Champaign. The bride is the daughter of F. P. George, formerly of this city, and was for several years employed as a saleslady in the Champaign she has been employed in the Robeson store, having resigned her position there last week. She is well and favorably known in Tuscola where she was popular among her set during her residence here.

AMERICAN LEGION DANCE.

The dance given by the Tuscola Post of the American Legion, as a benefit for their treasury, on Thursday night in the new garage that is just being finished for T. N. Smith on the south side of Central avenue, was a great success, netting the post over $100, after all expenses were met. The use of the big room, which has a floor space of 100 by 110 feet of solid cement floor, without any supports or posts to interfere, was donated by contractor Fred Meek. The music was furnished by an orchestra from Champaign, which arrived late on account of having had automobile trouble while driving to Tuscola. The dance was scheduled to begin at 8 p.m., but the orchestra did not arrive until 9. Nearly 150 couples were dancing on the big floor at one time.

JORDAN-SCHNELL.

Miss Glenn Jordan of Cissna, Ill. and Elmer Schnell of Noble, Ill., were married on Friday in this city by Justice J. C. Cutler in his office in the city hall. They came to Tuscola unaccompanied, and left here for their home in Wayne county, where they will engage in farming.

Mr. and Mrs. Charles Stalker of Crawfordsville, Ind., are week end guests of Tuscola relatives.

THANKSGIVING SERVICE.

The union Thanksgiving service held by Tuscola churches in the South Side Christian church on Thursday evening was fairly well attended. The sermon was by Rev. Mr. Hollingsworth, the pastor, Rev. Mr. Hoel of the North Side Christian church, who was to have delivered the sermon, was called out of town.

The local Charity board, consisting of two women from each of the churches of the town, made its annual report and an offering was taken for the needy poor.

MARRIAGE LICENSE.

Elmer Schnell, Noble, Ill., 30; Glenn Jordan, Cissna, Ill., 21.

# AMERICAN GOODS HAVE READY SALE

Bucharest—American manufactured goods are in demand in Rumania. The stores in Bucharest are doing almost as great a business as in pre-war days. France has been sending large quantities, of goods into the country, particularly light wearing apparel, silk stockings, toilet soaps and cosmetics.

Prices still are abnormally high. One sees American shoes in the shop windows at the normal equivalent of $28 a pair. Any article stamped "American" has a ready sale. Rumanians are keen for anything from the United States, whether it be food, articles of wear, or manufactured objects.

"Why doesn't America send more goods here?" the business man constantly asks. "There is a wonderful field in Rumania for American commerce. We would rather trade with the United States than any other country. We need your manufactured products, your automobiles, farm implements, gas engines, lathes, sewing machines, cash registers, typewriters."

If you have not had success in the treatment of your case, let it be either Appendicitis, Gall Stones, Liver or Stomach Trouble, write Dr. G. F. Dougherty, Neoga, Ill., and he will furnish you a list of patients cured by the use of his special treatment.

The success of the special treatment is fully established in Central Illinois. Dr. Dougherty has never traveled, hunting cases; in each case the patient must come to his office in Neoga, Ill., for first examination.

Dr. Dougherty, who has treated patients from all parts of the United States, is conducting a very extensive business, and the results of his special treatment for Gall Stones, Appendicitis and other internal diseases are now known all over this part of the country.

The doctor is no longer engaged in a general practice, his time being taken in the special work of treating internal diseases.

# DR. OREN ONEAL

## EYE, EAR, NOSE AND THROAT SPECIALIST

OF CHICAGO

**Next Regular Visit to Decatur, Illinois, Thursday and Friday, December 4th and 5th, at the Orlando Hotel**

HOURS: 9 A. M. TO 8 P. M. EACH DAY

**READ SOME OF THE REMARKABLE CURES HE IS MAKING AND CALL AND LET HIM GIVE YOU ONE TREATMENT FREE OF CHARGE**

DR. OREN ONEAL
Has had 35 years of experience in treating Eye, Ear, Nose and Throat diseases.

## I Sympathize With Deaf People

I was once quite deaf and know what it means. I suffered for years with catarrh and took cold very easily—so easily that often I did not know how I got it. I first began to hear noises in my head and ears. Gradually my hearing became impaired. At first I hardly noticed, but every cold I took left me a little worse.

I tested my hearing frequently by the ticking of my watch, and I was astonished to note from time to time how fast my deafness was growing upon me. I grew desperate. I tried everything I could hear of, but was not benefited by anything, and some positively made me worse.

At that time I had perfected my Dissolvent Treatment for eye diseases and was having wonderful success in curing weak eyes and failing sight from cataracts and other causes. My theory was that all eye diseases result from imperfect circulation in the eye and I acted along that line in perfecting my treatment. I experimented to find remedies and method to restore normal circulation to the eye. I succeeded and was curing thousands of cases. "The knife should be the last resort" was my motto, which startled the medical profession and set everybody thinking.

One day it suddenly occurred to me to work along the same lines in treating deafness. There was often a numb feeling about my ears, and I decided that the circulation to the parts was being interfered with, and that if I could find means and remedies to restore the circulation it would help me. I went to work on this idea and soon found that I was being helped. I found also that I had to use constitional remedies to cure catarrh. To make a long story short, suffice it to say that I succeeded in curing my catarrh and deafness and head noises completely and permanently. During my thirty-five years' experience I have treated and cured thousands of cases. I do not pretend to cure all cases of deafness—no method of treatment can do that. In some cases, the ear drum and other structures have been so injured and destroyed that there is no hope of a cure. Many cases of this kind may be helped, but not cured. When I see a case and examine the ears I can tell exactly what I can do, and will always give an honest opinoin.

Do not listen to the advice of those who tell you that your deafness has lasted so long that nothing can be done for it. Very many who have been deaf for years can be entirely cured, or at least helped so that they can hear reasonably well and be a comfort to themselves and their friends and community at large.

If your deafness is only slight take no risk. Do not let the trouble run from week to week, month to month, or perhaps year to year. Upon good hearing depends one's usefulness, prosperity, health and happiness. Deafness is a calamity to any person.

Investigate Dr. Oneal's claims. Note his many remarkable cures. Let him examine your case personally, while you have the opportunity, to do so, without expense.

## Adenoids in Children

Adenoids are very common in children and often cause deafness and discharging ears. This is a growth in the back part of the nose. The cause mouth breathing. These growths should be removed as soon as possible. Dr. Oneals removes adenoid growths in a few minutes' time, without chloroform or pain or danger. Do not neglect these troubles in children.

**CROSS-EYED FROM FEVER**

Adam Thompson, of 1044 S. Colfax street, was cross-eyed for 20 years. Dr. Oneal straightened his eyes several months ago, and he says: "Your method is painless and caused me no trouble whatever—the next day I was out the same as usual."

**SIGHT AND HEARING RESTORED**

Prof. Van de Sande, who established the first conservatory of music in Chicago in 1865, having a national reputation as a pianist says:

"I almost lost my hearing a few years ago and was greatly troubled with head noises. Dr. Oneal cured me in a very short time and the cure remains permanent.

"Dr. Oneal also restored my sight by his dissolvent treatment, after I had become almost blind with cataracts.

"I cannot speak too highly of Dr. Oneal's ability as an oculist and aurist, and knowing him to be so thoroughly reliable and responsible, take great pleasure in recommending him to all who need his services."

PROF. S. P. F. VAN DE SANDE.

**MR. HAMMAN, AGED 77, OF ETNA GREEN, IND., WHO WAS DEAF FOR MANY YEARS, IS CURED IN LESS THAN ONE MONTH.**

Etna Green, Ind.

Dr. Oren Oneal: The months' treatment you gave me for my deafness has entirely relieved my hearing, which has been bad for some years. The cure was effected before the medicine was all used. I am very thankful to you for your skillful treatment. I am 77 years of age."

VALENTINE HAMMAN.

**CURED IN TWO MONTHS OF DEAFNESS AND HEAD NOISES AND GATHERINGS IN THE EARS.**

Momence, Ill.

Dr. Oren Oneal: I was troubled with gatherings in my ears and deafness and head noises, and I doctored with several doctors and they gave temporary relief. After using your medicines about two weeks I began seeing a change for the better. I have taken two months' treatment and my ears are well and I can hear as well as I ever could. I do not have any more head noises or gatherings in my ears.

CHARLES D. HAMBLIN.

**DEAFNESS CURED IN ONE MONTH.**

Osceola, Nebr.

Dr. Oren Oneal: I take great pleasure in recommending your treatment. I was real deaf and gradually growing worse. I was so bad that when anyone said anything to me they had to repeat it two of three times.

I took one month's treatment and I can conscientiously say that it cured me. I can hear as well as ever and am very thankful to you.

MISS EDITH F. HOPE.

**THANKFUL FOR RELIEF**

McClusky, N. D.

Dr. Oren Oneal: I will write you a few lines to let you know that the medicines you sent me for Catarrh, Discharging Ears and Head Noises, have helped me fine and I used the treatment just as you stated and feel as though I am cured. My ears have never bothered me since. I am so thankful to have relief.

MRS. DOE LUCAS.

**DEAFNESS AND HEAD NOISES CURED IN ONE MONTH**

Mr. Oba Snyder, who lives at 331 East King St., Decatur, had terrible head noises and was so deaf that he could hardly understand anything that was said to him when he went to see Dr. Oneal at the Orlando Hotel in November. Mr. Snyder has worked at the Mueller Mfg. Co., for eleven years, but had to give up his work on account of his hearing. He would also have blind and dizzy spells. In less than one month's treatment by Dr. Oneal his hearing was restored and head noises all gone and he went back to work a cured and happy man. He says he can now hear a pin drop, and feels better in every way than he has for years.

Mrs. Ayers, of Weldon, Ill., was also cured of deafness by Dr. Oneal in one month's time.

**ROARING NOISES IN HEAD AND DEAFNESS CURED**

I have taken treatment by Dr. Oren Oneal and cured of deafness and will say that his treatment is all right, as it seems to me to be the only way to cure deafness.

I had been growing deaf for about two years and had a roaring noise in my head nearly all the time. I took his treatment about two months and a half, and now, after nearly a year, my hearing is as good as anyone's and no sign of deafness. There is no pain at all in taking the treatment.

E. S. CHANDLER,
Oreano, Idaho.

## DEAFNESS AND HEAD NOISES

Catarrh is one of the great causes of deafness and head noises—dry catarrh of the middle ear. Catarrh extends from the nose and throat to the Eustachian tubes, and through them is taken to the middle ear. The function of the Eustachian tubes is to admit air to the middle, thus rendering the ear drum resonant and subject to vibration caused by the sound waves. These waves strike upon the ear drum, causing it to vibrate, and these vibrations are taken up by the nerves of the ear and transmitted to the brain. If the Eustachian tubes are closed there is no equilibrum of air pressure and the ear drum is sunken or depressed, and consequently cannot vibrate to the tune of the sound waves. In mild cases, or in the first stages of the disease, the tube is only partially closed, or the inflammation only extends a little ways into the tubes, and one begins to notice that his hearing is affected. He hears but does not understand. This defect is especially noticeable when he is in a room where several persons are talking. There are usually

## NOISES IN THE HEAD OR EARS

These noises are of a various nature, such as singing, buzzing, blowing or puffing, like escaping steam crickets, etc. These noises are usually the first symptoms noticed, and are a certain indication that the hearing will soon be affected. As the disease progresses, as it most surely will unless properly treated, the Eustachian tubes become more and more closed up, and finally become blocked their entire length. When this happens, the deafness is complete. The ear drum may be perfect (though depressed) and the ear nerves perfect, but the hearing is lost when the tubes are entirely blocked. This condition of entire deafness is usually arrived at by gradual stages, but in many cases it is brought about in a very short time by a severe cold. Cases of catarrhal deafness are usually made worse by taking cold and by changes in the weather.

In many cases only one ear will be affected by the deafness, but usually both ears are involved sooner or later. In a few words plainly spoken, this is about what takes place in the majority of cases of deafness and head noises.

## Is Your Sight Failing, Or Are You Cross-Eyed? Here is Your Golden Opportunity!

Dr. Oren Oneal, of Chicago, who has a national reputation as an eye an ear specialist, and who is well known to many of the readers of The Review, is making these visits to Decatur to give those suffering with eye and ear troubles a chance to try his method of treatment one time free, so that they may see what it is like and whether they think it will help them or not.

Dr. Oneal has been wonderfully successful in treating falling sight, granulated lids, cross-eyes, and all defects and diseases of the eyes and ears. He has advertised his Dissolvent Method Treatment very extensively and successfully treated thousands of patients all over the United States.

**WELL-KNOWN CITIZEN OF BLOOMINGTON HAS SIGHT RESTORED BY DR. ONEAL**

Office of Illinois Stove and Furnace Co., Bloomington, Ill., Dec 4, 1918.

About four years ago I noticed my sight was becoming so dim that it was difficult for me to read common print. I consulted a specialist and he told me that I had cataracts, and he told me that nothing could be done until they hardened and then have them removed by an operation, but that it might be several years before it could be done.

Last March I was advised by a friend to go and see Dr. Oneal at the Hills hotel. I did so and began Dr. Oneal's treatment and soon noticed that I was being helped. Now my sight is as good as it was ten years ago, and I would recommend anyone who has cataracts to try Dr. Oneal's treatment before submitting to an operation.

ARTHUR C. HAMILTON.

CROSS-EYES.—Dr. Oneal has a method of his own for straightening cross-eyes which he has used successfully hundreds of cases. He does not use chloroform and there is no pain. If you are cross-eyed you can go to Dr. Oneal with great confidence of success, and leave his rooms in a few minutes with eyes as straight and perfect as anyone's. Cross-eyes are a humiliating affliction. They are not only that but they also often weaken and destroy the sight of one eye and sometimes of both.

**CROSS-EYED 21 YEARS**

Lexington, Ill., Nov. 5, 1918.

Dear Dr. Oneal:

I want to thank you for what you did for my eyes. I was cross-eyed for about 21 years and did not suppose my eyes could ever be straightened, but you straightened them in just a few minutes and they are fine now.

I cannot feel grateful enough to you for these good results.

(MISS) JULIA WILLIAMS.

**GRANULATED EYE-LIDS OF SEVERAL YEARS STANDING**

Dear Doctor: I was afflicted with Granulated Eyelids and Catarrhal Conjunctivitis for five or six years. I doctored with several different doctors and wore glasses for about two years. It seemed as though nothing would do me any good. I have now taken three months' treatment and my eyes are better than they have been for years, and I no longer need glasses.

I wish to thank you for what you have done for me and will gladly recommend your Dissolvent Treatment to be what you say it is.

Yours very truly,
MISS BLANCHE BUKER,
Fairland, Ill.

**THIRTY-FIVE YEARS' EXPERIENCE**

I want the people of Decatur to know that they are not being asked to see a doctor of little experience. I have made a specialty of treating eye, ear, nose and throat diseases for 35 years. For 25 years I have treated people all over Central Illinois. Straightened cross-eyes, removed cataracts, restored sight to blind people, cured catarrh and deafness. I have treated thousands upon thousands of cases, and it is this vast experience gained by me and this long successful practice that I am offering to give to the people of Decatur afflicted with eye, ear, nose and throat trouble absolutely free of charge on this coming visit. If I think my treatment will help you—I will tell you so. Tell you how long it will take, and give you a treatment free and you will be under no obligation to take further treatment unless you wish. If I do not think my treatment will cure you I will tell you frankly and not treat you. I am very particular on this point. I ask the good Christian people of Decatur to send word to those they know of suffering with eye, ear, nose and throat troubles. Many of them can be saved with this mild home treatment. It will cost them nothing to see and try this treatment now. Youare doing them a kindness. Remember the date, Thursday and Friday, December 4th and 5th. Don't wait until the last day—call as soon as you can.

**AT THE ORLANDO HOTEL, DECATUR, ILL.**

## "KILL-JOYS"

Constipation, Headache, Colds, Biliousness ended with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad, your stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel, or harsh pills. They work while you sleep.

WHILE IN INDIA I CAUGHT COLD. It resulted in catarrh and bronchial trouble. After consulting the ablest physicians on two continents to no purpose, Dr. Burkhart's Vegetable Compound cured me in three months. —Dr. Wm. Ledford, 4 Shillito Place, Cincinnati, O.—Adv.

## STOMACH SO BAD SHE HAD LOST ALL HOPE

Suffered agony for 8 years, and then got well in a hurry.

"I suffered from stomach trouble for 8 years—had acute indigestion for 4 years. All that time I have not slept a wink before 2 in the morning, and lived on milk and soup. My stomach was one solid sore.

"Doctors said I had catarrh and neuralgia of the stomach, also female trouble for which I needed an operation. I was nothing but a living skeleton and had given up hope.

"Then my husband brought home a bottle of Milks Emulsion. From the second dose I began eating, and now, after 10 bottles, I eat anything I want. I haven't had a pain in my stomach since the first dose, and my female trouble is fast disappearing."—Mattie Cartwright, Tyler, Texas.

The blessed relief which Milks Emulsion gives in stomach trouble, is only part of its good work. The benefit is both prompt and lasting. It costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. It helps build flesh and strength, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and $1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Decatur Drug Co.

## BABY'S FACE JUST AS RED AS FIRE

With Pimples. Itched and Burned. Cuticura Heals.

"My baby was fourteen months old when she broke out with pimples on her cheek. They festered and, if opened, made sore eruptions that were more like water blisters. The breaking out itched and burned so that she lost sleep, and her cheeks were just as red as fire.

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. Then I bought more, and her face was healed." (Signed) Mrs. R. F Buck, Clarion, Iowa.

# ELIMINATE BOXES AT HIGH SCHOOL

### Auditorium Stage to Be Improved.

In the plans for the improvement of the high school auditorium stage it is proposed to eliminate the boxes, one at each side of the stage. By disposing of these, space will be gained for about fifty more seats. The boxes jut out into the line of vision from the side seats. Addition of the new seats can be accomplished without reducing the space now used by the orchestra. The piano instead of being placed directly in front of the stage can be moved over to one side in the space occupied by one of the boxes.

Boxes in a theater are now said to be very unfashionable. Nobody wants to sit in them for the double reason that they make the occupants unduly prominent and they command a poor view of the stage.

Other improvements suggested by Miss Thomas, the dramatic coach, are curtains for the sides and back of the stage to take the place of the two sets of scenery that have been provided for the stage. There are occasions when no scenery is needed. The old carpet which covers the floor of the stage is to be disposed of and on occasions when a carpeted floor is needed the rug which covers the floor of the music room at the south of the stage will be used.

## MISS CLARA ABEL NOT COMING HERE

Announcement was made at the regular meeting of the Decatur library board Friday that Miss Clara Abel, who had expected to take the position of children's librarian on the public library staff here had returned to her old place at the Lincoln library in Springfield.

Added interest in the extension work of the local library was reported at the meeting. The members of the staff are in demand for talks to teachers and mothers on the value of co-operation with the library. Talks on books for children have been made to the mothers' clubs of Jasper, Roach and Ullrich schools by Miss Mabel Wayne and Miss Clara Hunt while Miss Florence Love talked to the high school teachers.

POPULAR BOOKS

The popular books of the month were reported to have been as follows:

For adults—Adams' "Education of Henry Adams."

Hyslops, "Life After Death."

Conrad's, "Arrow of Gold."

Wright's "Re-creation of Brian Kent."

For children — Beard's "American Boys' Hand Book."

Gilchrist's "Cinderella's Granddaughter."

Hagedorns "Boys' Life of Theodore Roosevelt."

## NIGHT SESSION TO FINISH COURT

**Three Men Found Guilty of Stealing Rugs.**

A night session of the circuit court was held Friday night in order to finish up the case of Philip L. Risley, Harry McEuen and Waldo Buchen, charged with stealing three rugs from a Wabash box car. The jury returned a verdict finding all three defendants guilty of burglary and larceny. Attorney John C. Lee at once entered a motion for a new trial. Buchen was allowed to go home under the bond he had already furnished. The other two were locked up.

Relatives of the young men were deeply moved when the verdict was read and their sobs could be heard throughout the court room. Buchon is twenty years old McEuen is twenty-seven, and Risley is thirty years old. Risley was convicted only a few days ago of having obscene pictures in his possession and his petition for probation was still pending.

Judge Whitfield excused the jury until Monday morning.

## SOCIAL SERVICE DRIVE POSTPONED

**Probably Will Not Be Staged Until Jan. 5.**

Since the first ten days in December have been selected for the national campaign for the sale of the Red Cross Christmas seals the board of directors of the Bureau of Social Service decided Friday that the personal canvas for funds for this federation of Decatur charities and philanthropies should be postponed until January, probably the week of Jan 5

Replies are still coming in to the letters which were sent out asking for volunteer subscriptions. These letters were sent out with the idea of saving time both for the persons to whom they were sent and for the canvassers later and all who have not yet made reply are urged to do so as quickly as possible. It will save much time and work for those who give their time and effort to this service.

## JOHN B. BLANFORD WAR VETERAN, DIES

## MEMORIAL SERVICE FOR T. T. ROBERTS

**In First Presbyterian Church Sunday Morning.**

A memorial service will be held for T. T. Roberts, who was a member of the First Presbyterian church for more than fifty years and an elder in the church for forty-three years, Sunday morning in the church at 10:45, the hour of morning worship.

The following short talks will be given in his memory:

"Mr. Roberts and the Community"—H. I. Baldwin.

"Mr. Roberts as a Friend"—Dr. S. E. McClelland.

"Mr. Roberts' Interest in Education"—Dr. J. C. Hessler.

Mr. Roberts and his church"—A. H. Mills.

"Mr. Roberts' Benevolence"—Dr. Warren Wilson.

"Mr. Roberts, His Bible and His Faith in Christ"—Rev. C. E. Jenney.

There will be special music at this service.

At the Sunday evening service, Dr. Warren Wilson of the Home Mission Board of New York City, will tell the dramatic and interesting story of rural church work in the mountains of the south. Dr. Wilson is an interesting speaker and he has a great story to tell. He is carrying on work for the Presbyterian church among people of which Sergeant York is a type. He will show some picture slides of the work in the south.

## ANTIQUE AND SATIN SMALL SERVICE HAT

BY BETTY BROWN.

Any number of varied things may be on the engagement book for the day, including shopping and perhaps theater. A hat to suit all needs for dress and service at the same time, is essential.

For today's sketch a small hat with a rolling brim was chosen. The crown is of black antique. The brim consists of a bandeau of black and gold satin. The shape of this brim makes a veil particularly attractive

## SISTER MARY'S KITCHEN

Perhaps you have a "feeling" about using condensed milk. I know I did, but I've got bravely over it.

Condensed milk is really one of the best foods we can buy. It contains much sugar and more butter fat than the ordinary "milk-man's." So the food value of condensed milk is higher than that of plain milk.

The convenience of having perfectly sweet milk always on hand is a point in favor of canned milk.

The process of manufacturing condensed milk is wonderfully clean and sanitary and scientific. As it is cooked milk the danger of disease germs is not so great as in the usual dairy product.

MY OWN RECIPES

This lima bean dish is a good end-of-the-month help out. It is nourishing and cheap and a relief from meat. By using nuts in the salad the necessary balanced ration is maintained.

Cheese Croquettes — 2 tablespoons butter, ¼ cup flour, ¾ cup milk, 1 egg, 1½ cups mild cheese, ½ teaspoon salt, ¼ teaspoon pepper.

Melt butter and add flour. Stir until thoroughly blended. Add milk slowly, stirring constantly. Bring to boiling point and add egg slightly beaten. Add cheese, cut in tiny pieces and seasoning. Cook until cheese is melted. Spread on a plate and cool. Shape in balls and dip in egg and crumbs and fry in deep fat. Drain on brown paper.

Lemon Pie—2 cups boiling water ¾ cup sugar, 1 egg, 2 tablespoons cornstarch, 1 lemon, ½ teaspoon salt.

Put boiling water in a saucepan. Add sugar, cornstarch diluted in cold water and grated rind of lemon and salt and cook until clear, stirring constantly. Add the unbeaten yolk of egg. Line a pie pan with pie dough and bake. Fill shell with lemon mixture and cover with a meringue made of the egg white and ¼ cup sugar. Brown in a quick oven.

Lima Beans En Casserole—1¾ cups dried lima beans, 4 slices bacon, 1 onion, 1-3 cup carrots, 1 green pepper, ½ teaspoon salt, ¼ teaspoon pepper

Soak beans over night. Drain and put in a casserole and sprinkle with salt and pepper. Slice onion and pepper. Dice carrots. Fry vegetables with bacon, stirring constantly, until browned. Add to beans and pour over boiling water to half the depth of the beans. Cover and cook in a slow oven until beans are soft.

**Revival Closes**

Revival services at the Church of Christ, 984 West King street, closed Tuesday night, Nov. 25. There were twenty additions to the church reported. Bible school will be held at 10:30 Sunday morning. Preaching services will be held at 11:30 a. m. and 7:30 p. m.

## CHURCH SURVEY OF ILLINI TOWNSHIP

**Will Include Parts of Austin and Hickory Point, Also.**

The pastors of the three churches of Illini township have joined together for the purpose of making a rural survey to be taken by several young women next Friday and Saturday and possibly Tuesday. As this survey will be important in the religious and social work of the community, people are asked to give the desired information to the young women when they call. The survey will also include parts of Austin and Hickory point townships.

**Jitney Supper.**

The Christian Endeavor society of the First Christian church will give a jitney supper at the church Saturday night. All members of the congregation are invited. The young people will start serving supper at 5 o'clock.

## WILL ORGANIZE SECOND AUXILIARY

**First Methodist Young Women to Form Missionary Society.**

Steps were taken at the meeting of the Woman's Foreign Missionary society of the First Methodist church Friday afternoon for the organization of a second W. F. M. S. auxiliary in the church. It is to be composed of young women between the ages of eighteen and twenty-five. The committee to take care of this organization is composed of Mrs. B. A. Imboden, Mrs. M. N. English, and Mrs. E. T. Evans.

Mrs. G. L. Spence presided at the meeting Friday in the absence of Mrs. R. C. Augustine. Thirty-two women were present. Devotions were led by Mrs. Mattie Fisk. The lesson on "India" was in charge of Mrs. M. N. English. A reading on "Our Hospitals in India" was given by Miss Louise Simon and Mrs. C. J. Pennington. Letters were read from the district officers, Mrs. Marxmiller and Mrs. Burke.

It was decided to assume the payment of $475 on ministers' salaries. Arrangements were made for the Christmas meeting on Dec. 19. The Christmas offering will go toward the expenses of Miss Kezia Munson, formerly of Decatur, who will sail for India in March.

Five new members were received. They are Mrs. Z. T. Pope, Mrs. W. G. Ottenbach, Mrs. Sylvester Ivens, Mrs R. F. Stewart and Mrs G. L. Eaton. The meeting closed with a prayer service led by Mrs. Fisk.

**Social Service Class.**

The Social Service class of the First Methodist church which meets at 9:30 Sunday morning will conclude its lessons on Railroads Sunday morning with a discussion on government and private ownership. John W. Knowlton, who has been a Wabash employee for many years, will lead the discussion.

**Reception.**

About eighty new members of the First Baptist church were present at the reception given at the close of the service Friday in their honor. Sixteen young men and women were baptized at the evening service. The older men and women who were converted at the recent evangelistic meetings will be baptized Sunday night.

A committee consisting of Mrs. W. A. Brown, Mrs. E. F. Telling and Mrs. Charles Kemper, had attractively decorated the Sunday school rooms where the reception was held. A musical program was given, consisting of solos by Byron Smith, Verne Oglesby, Miss Dorothy Davidson, and Miss Leon. Refreshments were served by the women in charge.

## NEW HIGH AVERAGE AT HIGH SCHOOL

### Total Attendance for October 1,170.

The average daily attendance in the Decatur high school in October, 1914, was 721. In 1915 the average for the same month had grown to 849, an increase of 125. In October, 1916 the average jumped to 999, an increase of exactly 150 over the previous year. The increase was less the next year but the average for the same month in 1917 was 1,121. In 1918 the average daily attendance for October was 1083. This was a loss of thirty-eight. This was the big year of the war for us and the war affected schools as it did everything else. This year the average for October was 1,170, an increase of eighty-seven over last year and of forty-nine over the year 1917. This is the biggest year in the high school so far and will be still bigger after the beginning of the new semester.

## HAPSBURGS RELY ON MACHINE GUNS

Paris, Nov. 29. — Prince Ludwig Windisch-Graetz, former Austrian minister without portfolio and intimate friend of former Emperor Charles, is reported to have declared in Berlin that the "re-establishment of the Hapsburg dynasty in Hungary is only a matter of machine guns, the entente not being able to prevent it," according to a dispatch received here from Geneva.

# Just Folks by Edgar A. Guest

THE SIMPLER LIFE.

Go for the honors if you will,
And treat the stony heights to fame;
But for the rich rewards of skill,
And seek life's jeweled crown to claim.
But as for me, I'll plod along
Where humble people line the way
And find my joy in simple song
And common pleasures day by day.

Fight for the glory of the great
And clamor for their brief success.
I know a little swinging gate
That leads to lasting happiness.
I would not shirk my duties here,
Nor fail the purpose of my birth,
But I would live from year to year
And claim the lasting joys of earth
I choose to tread the simpler ways,
Where men and women nod and smile,
Not over eager for men's praise,
Nor over fond of pomp and style.
But glad when I can play the friend,
And proud when men are friends to me.
Contented that I've time to spend
With man who'er he be.

I choose to know my children well.
To live my little life at home.
To take from toil a resting spell,
And let who will forever roam.
I'll find beneath my roof tree gay
The sweet and simple joys that live,
And reap along the humble way
All that a span of years can give.

## BRITAIN LOSING COAL TRADE TO U. S.

London.—Evidence that America is supplanting Great Britain in coal markets of South America and Europe is seen by the Shipping World. The paper attributes this to restrictions imposed on shipping that otherwise might be available for carrying British coal.

"The result is that traders abroad who want coal are getting it from other regions," it says. "The South American trade has fallen almost inevitably into the hands of shipowners from the United States; but more ominous still is the fact that shipments from Virginia are coming almost daily to ports of Europe. Even to Port Said American coals have been shipped.

"The question arises whether this is merely a passing phase due to the present scarcity of tonnage, or whether these American ships are the pioneers of a new form of enterprise of the Western continent which is destined to become a permanent feature of trade. It must not be assumed that, with the increase of British shipping that will assuredly come in a year or two, the old lines of trade will so easily be regained. The river plate trade may to a considerable extent be written off.

"The greater proximity of European ports to the United Kingdom will be an advantage to British shipowners in their endeavor to regain the continental trade, but it will be no easy task to break the trade connections that American competitors are now engaged in forming."

## MACON COUNTY WOOL SOLD AT GOOD PRICE

### Farmers to Get at Least $600 for Six Thousand Pounds Sold Through Pooling.

Reports made indicate that the members of the Macon county farm bureau who shipped their wool in a pooling arrangement have made at least $600 on the 6,000 pounds shipped together some months ago.

The wool brought on an average of about sixty cents a pound and that is very much more than was offered to the growers at the time the shipment was made by the associated group of Macon county men who had a few sheep.

WOOL HIGH.

Wool has been, and still is, very high, and it was found that by shipping this wool in association with other farm bureau shipments in Illinois that much higher prices were secured than could have been received if each man had sold his small lot individually.

That the additional price was at least ten cents a pound is certain, it is quite likely that it was more than that.

SOLD IN SMALL LOTS.

The delay in receiving the checks for the wool which has puzzled some of the shippers is due to the fact that the wool was sold on the market gradually as the best demand developed and also to the fact that there were thousands of consignors in the great aggregate of the total pool from all over the state.

Macon county, not having many sheep as yet, made what is really a very small shipment, about 6,000 pounds. It is likely that the number of sheep here will be increased materially because of their value on the farm for the conserving of roughage, the very high prices which their fleeces are likely to bring for some time and the fact that many sheep can be raised on the average Macon county farm at practically no cost because of their foraging ability.

SHOULD HAVE SHEEP.

Every farm should have at least a few sheep, say the University of Illinois farm experts, and it is likely that the number on farms here will increase rapidly as their economic production is understood better.

The wool checks for the Macon county farmers are expected within a very short time. The thousands of checks will be mailed at one time to all consignors by the firm which handled the wool for the associated bureaus.

## BLUE MOUND CATTLE TO FAT STOCK SHOW

Blue Mound, Nov. 29—W. O. Matthew loaded a car load of cattle for the Fat Stock show at Chicago at the Matthew farm Thursday. Mr. Matthew is entering the short-fed special class with a load of 18 head of steers. The show rule for this special is that no grain was fed between May first and August first. There are to be 16 carloads of shortfeds in the show which will be sold at auction. Mr. Matthew showed in this class last year, and his cattle brought better prices than if they had not been in the show.

## ADVISERS ACT IN LIMESTONE CASE

Urbana, Nov. 29.—A committee of farm advisers from various sections of the state, appointed by D. O. Thompson, secretary of the Illinois Agricultural association, to consider the limestone situation, reached the following conclusions and made recommendations at a meeting at the University of Illinois.

CONCLUSIONS.

That the supply of limestone has been entirely inadequate to meet the demands of Illinois farmers, although a much larger quantity has been produced the present year than ever before.

That an abundant supply of limestone is absolutely essential for permanent soil improvement in at least one-third of the state and is of great importance in the upbuilding of the soils of the remainder of the state.

That it is regretted that many of the producers deemed it necessary to increase the price of agricultural limestone, Oct. 1.

That the tremendous increase in the use of agricultural limestone in Illinois is largely due to the efforts of farm advisers throughout the state.

RECOMMENDATIONS.

Recommendations made, were:

That the producers of agricultural limestone be invited to meet with a committee of farm advisers to agree upon a price for limestone to hold throughout 1920.

That the producers make use of the farm advisers as selling agents in their counties.

That the farm advisers be given the commission which heretofore has been given private agents.

That the advisers use their best efforts in organizing local limeassociations and in building limestone bins for taking care of shipments at all times of the year and that in consideration of this, the producers be requested to make a slightly lower price on limestone shipped during the slack season, and

That the Illinois Agricultural association use its influence in having the old rate on agricultural limestone established as soon after the railroads are turned back to their owners as possible.

## LIVE STOCK SHOW OPENS IN CHICAGO

Chicago, Nov. 29.—Blue blooded horses, prize winning cattle, sheep, lambs and hogs, were on show today when the doors of the Union Stock Yards Amphitheatre were opened for the twentieth annual International Live Stock Exposition. The show will continue to Dec. 6.

The "Fat Stock Show" as the International has become popularly known gives promise of being the greatest show ever held, both in regard to the number of entries and in attendance. About nine thousand animals are on exhibition, about 800 more than ever exhibited here at previous shows. This is a new record. Almost every section of the country is represented. Entries are on hand from a number of agricultural colleges, including Ohio State, Minnesota, Illinois, Iowa State, Penn State, Kentucky, California and Purdue, twice winner of the grand championship. A majority of the colleges of the country have entered stock in the various divisions.

Each afternoon during the show the cattle and horses will be judged and at night there will be a parade of the prize winners.

The annual horse show, which always is an interesting feature will be held nightly in the large arena. This year a number of horses from leading stables of the country have been nominated and it is predicted that the exhibition will be the greatest ever held.

HAY AND GRAIN

In addition to the Live Stock show, the International Hay and Grain show is being held. Ten thousand dollars in prize money, given by the Chicago Board of Trade, will be competed for by some of the leading corn growers of the country.

## LONDON BATTLES FOG NUISANCE

London—London is planning new measures against the dense fogs which, several times each winter, seriously interfere with street traffic and cause many traffic accidents. Men equipped with fog-penetrating lamps are to be stationed at points about the city where traffic is most congested.

## CORN SHUCKING ALMOST FINISHED

### Rain Again Delays Work for Few Days.

Farmers of Macon county would have been much better pleased with the weather man if he had postponed the rains of the last week until the last of the coming one. Most of the farmers in this county are within a few days of completing the corn gathering and, as one farmer said Thanksgiving day, if the weather man would be quiet until after the middle of the coming week, most of the farmers in the county would be willing to let him have his own way.

Corn is coming out of the fields in fine condition and while yields as a rule are only fair occasionally a field is found which is producing unusually well.

80 BU. TO ACRE.

One man who farms in the southern part of the county has one field in which the corn shuckers have been making a killing in wages earned because of the unusually heavy yield. This particular field was sod ground which had been well worked down before planting and the crop seems to have stood the unfavorable climatic conditions of the last summer much better than others in that part of the county. The owner believes that this field will yield somewhere between seventy and eighty bushels to the acre.

The usual average, however, runs from thirty to forty-five bushels with the latter yield rather unusual.

DISCUSS "FLY."

There has been much discussion the last week regarding the Hessian fly and if the lesson learned now is not forgotten by the time next September arrives with its fine weather for wheat sowing the danger from too early seeding of the wheat will be avoided.

Many wheat fields are now in very bad condition but just what will be done with them in the spring is as yet undetermined. It is likely that many will be plowed up although others will be sowed to oats, the combined grains being used for feed.

## UNKNOWN DISEASE AMONG CHICKENS

### Fanciers Unable to Determine What It Is.

Do chickens have the chicken pox? A number of poultry fanciers in Decatur say that some disease is epidemic among chickens. Some chicken fanciers say that it is chicken pox. Others call it roup. Whatever it is it is serious and has affected many flocks.

One chicken fancier on North Main street says: "We have a fine flock of Rhode Island Reds. A number of birds in the flock have become infected. Their heads swell and their eyes protrude. Some of them have fallen off the perch dead. We have isolated the sick ones from the well ones and are using various remedies."

M. M. Holmes who is both a chicken fancier and a pharmacist says that he hears of much of this sickness among chickens and there are a great many calls for remedies. Other drug houses in the city say that they are just now having a rush of calls for remedies. No body seems to know just what is the matter with the chickens or just what to do. They are trying the various poultry remedies in the hope that some of them will prove a specific.

## TAKE CENSUS OF SILAGE MATERIAL

### Government After Farm Statistics.

Among the new features included in the approaching 1920 census of agriculture will be a series of questions relating to the amount of corn and other crops raised for silage purposes. These statistics on silage, which are to be collected by the bureau of census in accordance with the recommendations made to that bureau and to congress by the United States department of agriculture are expected to furnish accurate and comprehensive figures on this important phase of farming which have heretofore been lacking. The facts and figures gathered in the census on this subject will be tabulated, so as to show what each county as well as what each state produced in the way of silage during the year 1919.

The census bureau also announces the inclusion in the farm schedule of questions to show how many farmers own tractors and automobiles and how many have heating and lighting plants and telephones in their homes. These questions are designed primarily to make known the better living conditions and modern improvements on farms in all sections of the country. The census bureau, in including these questions for the 1920 census, was guided by suggestions from leading farm economics as well as by communications from farmers' organizations. The department of agriculture is also interested in these questions and gave its endorsement to the plan.

SCHEDULES FOR FARMERS

To secure co-operation on the part of the farmers and interest them in the census, the bureau of census has distributed more than a million copies of the agriculture schedule through the medium of several farm publications, which have a wide circulation. The farmers who receive these copies will thus have an opportunity to study the questions in advance and be ready to give prompt and accurate information to the census enumerator when he calls during the month of January. Any farmer who desires a copy of the agriculture schedule in advance may secure one by writing to the bureau of the census, Washington, D. C. An extra supply of the schedules has been printed for this purpose.

That the individual farmer will realize the advantage of keeping a more accurate tab on what this farm is yielding is one result of the census hoped for by the department of agriculture.

## SHELBY FARMERS DO MUCH PLOWING

Shelbyville, Nov. 29.—Many farmers in the vicinity of Shelbyville have succeeded in doing much fall plowing, and one man said Wednesday that a few more days of good weather and it would not be necessary for him to hitch to a plow next spring, and that this fact would mean a great deal to him in his work during that busy season on the farm. The man farms three hundred acres and much of it is under cultivation.

## 45,000 WILL SEE ARMY-NAVY GAME

### Light Rain Makes Field Slippery.

New York, Nov. 29. — Unsettled weather early today with prospects of rain, failed to dampen the enthusiasm of the 45,000 ticket holders for the annual football battle between the Army and Navy at the Polo grounds this afternoon. A light rain that fell during the night made the gridiron heavy and slippery—a condition that handicapped the lighter eleven from Annapolis.

The game, the first to be played between Uncle Sam's rival service schools since 1916 on account of the war, attracted the usual colorful crowd. High officials of the army and navy and representatives of the diplomatic corps were among the rooters.

EACH HAS MASCOT.

The mascots of the elevens attracted great interest. The Navy's goat, attired in a costly robe of blue, had the "edge" on the Army's mule because he had spent the evening in a room all by himself on the twenty-second floor of one of New York's best hotels, while the braying pet of the army had to be content with sleeping quarters in a stable. The coats of the rival mascots were wagered on the outcome of the contest.

The insistent but vain demand for tickets continued up to the start of the game. Officials said that interest had never before been so great in the history of the series, which dates back to 1890. Tickets brought fancy prices from speculators.

The army ruled the favorite in the betting, giving odds ranging from 5 to 4 and 2 to 1.

**Western Bowling.**

Omaha, Neb., Nov. 29—The Francisco Majors of Denver, Colo., went into fifth place in the five men event of the middle west bowling tournament Friday night with a score of 2,760, displacing the Association of Commerce Number 1 quintet of Peoria, Ills., which had gone into that position with 2,741 just ahead of the Denver pin shooters.

### SPORT SUMMARY

New Orleans—George Chip scored a technical knockout over Martin Burke in the tenth round, when Burke quit, claiming an injury.

Des Moines — Benny Adair and Mickey Donley fought 12 rounds to a draw, according to newspaper critics.

## BEMENT DEFEATS MONTICELLO 25-6

**Has Lost Only Two Games This Season.**

The football season of the Bement high school team closed successfully Thursday afternoon when it defeated the Monticello H. S. aggregation on Bement field, 25 to 6. Bement has lost only two games this season. Draucher of Bement sustained a badly injured knee during the game and Reeder suffered a fractured collar bone.

## RATE OF EXCHANGE HELPS CARPENTIER

*[By The Associated Press]*

Paris, Friday, Nov. 28. — Georges Carpentier will have a powerful ally fighting him when he faces Joe Beckett at Holborn stadium on Dec. 4—the rate of exchange. Carpentier will receive 5,000 pounds, win, lose or draw, according to unofficial reports. At the normal rate of exchange this would mean that the French champion would receive about 125,000 francs, but with the exchange rate as it is at present running at about 40 francs to the pound, Carpentier's share will amount to almost 200,000 francs.

Carpentier has wagered 2,000 pounds, or approximately the difference between his share under normal rates and at present.

"I'm betting velvet, just plain velvet, on the fight," says the Frenchman.

## ATWOOD TO HAVE BASKETBALL TEAM

**Have Material for Building Excellent Squad.**

The Atwood high school, which seldom fails to produce a high-grade basketball quintet, has started preparations for another fast team this year. The Orange and Black followers are proclaiming another championship team for this season. The nucleus of last year's squad is eligible this year and there is some promising new material.

Atwood is having some difficulty filling its schedule this year, although negotiations have been carried on for some time. Of the larger schools in Central Illinois, only Clinton and Bloomington have open dates to offer, these being Jan. 23 with Clinton at Atwood, and Feb. 20, with Bloomington at Bloomington. These games scheduled are with Arcola, Christman, Newman and Monticello.

## FOOTBALL CLAIMS FIVE VICTIMS

### All But One High School Players.

Chicago, Nov. 29.—Football, the roughest of American outdoor sports, claimed five victims during the 1919 season, which closed with Thanksgiving day games, according to reports to the Associated Press today. The number of deaths—the lowest in years—was five less than in 1918 and seven under the toll of two years ago. There were eighteen lives lost during th 1916 season, and sixteen in 1915.

Development of the open style of play is mainly responsible for the decreasing number of fatalities, in the opinion of gridiron experts.

NOT EXPERTLY TRAINED

Virtually all of the victims of the 1919 season were players not participating in games conducted under strict physical requirements. Defenders of the popular college sport pointed out that, with one exception, the victims were high school players who entered the game without expert training.

The small number of fatalities this season was declared to be remarkable, the experts said, as the game was played more extensively than even before pre-war days.

The list of victims follows:

VICTIMS

Paul Johnson, Wayzata, Minn., 19 years old; died Nov. 27 from concussion of the brain after being tackled in a high school game.

Lewis Moulton, Neodesha, Kans., a member of a high school team, died Nov. 5, as the result of a broken neck received in a practice game.

Calvin Libiaher, Urbana, Ohio, 17 years old; died Sept. 29 from cerebral injuries sustained in a high school game.

Gardiner Dow, New Haven, Conn., a member of the Connecticut Agricultural college eleven, died Sept. 27 from concussion of the brain; injured playing against New Hampshire college.

Joseph Blancke, Moline, Ill., 16 years old; died Oct. 30 of blood poisoning which developed from an injury sustained in a neighborhood game.

## DENNIS FATHERS PLAN FOR PARTY

**Will Have Club for Every Married Man.**

The fathers of the Dennis school district met Friday night and decided to form a Fathers' club to which every married man of the Dennis district whether he has children or not shall be eligible for membership. The first meeting will be held Dec. 12. William E. White, W. H. Duerr and H. D. Radcliffe were named on a committee on nominations.

Plans were made for the Christmas party to be given by the fathers for the mothers and children of the school district on Friday, Dec. 19. A Santa Claus and Christmas tree will be features of the entertainment. The following chairmen of committees were appointed for the Christmas entertainment:

General arrangements — W. E. White.
Finance—W. C. Starr.
Gifts—Joe Murphey.
Tree—W. L. Davis.
Decorations—M. Sweet.
Reception—T. J. Livesay.
Program—W. F. Hardy.

**An Eye to the Future.**

Mrs. Strongarm—So your husband boasts that he will always be the boss of a household. Hm! What'll he do when women rule?

Mrs Meek—He has anticipated that and is qualifying for a job as cook.

# BOY SCOUT NEWS

## ALL SCOUTS WILL ENJOY BIRTHDAY

The National Council of the Boy Scouts of America is inaugurating the most extensive plans in the history of the Scout movement for the celebration of the tenth birthday in February, the week of the 8th to the 14th.

In this plan opportunity is given for schools, churches, and the press to appeal to every man, woman and child in America to live the scout rule, "Do a Good Turn Daily," for that one week just as the Boy Scouts do throughout the year.

Scoutmasters are already preparing the most entertaining and informative exhibitions, that arrangements more extensive than those of last year are being perfected by councils and troops for dinner festivities in which the fathers will participate, and many other indications point to the coming of a remarkable week of real scout service.

**TROOP FOUR.**

All scouts of troop 4 are urged to be present at the regular meeting next Tuesday night for the purpose of preparing for registration in 1920. Scouts must be in good standing in every respect to re-register. Scouts may consult the Scout Master or secretary of the troop to learn what their standing is.

Scout Master G. E. Turney has resigned from troop 4. He has been with the troop for two and one half years and in the scout work for ten years. The troop committee has not yet named a successor for Mr. Turney, whose resignation will mean a decided loss to the troop.

The semi-annual election of officers was held at the meeting last week. The results will be announced at the meeting next Tuesday night. The results of the patrol contest which closed this week will also be announced at the meeting next week.

The meeting next Tuesday evening closes the 1919 Scout year and reports will be given on the results attained during the year. Mr. Turney desires the presence of all troop 4 scouts in their places promptly at 7:15 at this meeting that the troop may have 100 per cent in membership. The average attendance for the month of November was 35.

The Troop 4 football team has challenged the winner of the city Boy Scout football pennant for a game. The troop was well represented in the all star football teams. Five members were chosen for the first and third teams.

**TROOP ONE.**

Boy Scout troop 1 of the Grace Methodist church held its regular business meeting at 7:15 Tuesday night. All scouts were present with the exception of the following: Paul Fesler, James Mulligan, Ray Merriweather and Burlo Hill.

E. A. Pottitt, scout master emeritis, Francis Weigand, assistant scout master were present and assisted Scout Master Lloyd Moffat in giving an elementary semaphore drill. Another drill will be given next week. The business meeting of troop 1 will be held on Tuesday night from now on.

**TROOP ELEVEN.**

Boy Scout troop 11 of the Westminster Presbyterian church meets regularly on Tuesday night. The troop had a football team but it was organized too late to enter the troop tournament.

**TROOP EIGHT.**

L. F. Kinister attended a short business meeting of Boy Scout troop 8 held Tuesday night. A class in semaphore signalling was organized and the first lesson given by Mr. Kinister. Games and calisthenics occupied the remainder of the meeting. A social was being given by the Christian Endeavor society at the church, to which the scouts were invited. Refreshments were served.

Scouts of troop 8 are making plans for the organization of a basketball team.

**NEW TROOP.**

A new Boy Scout troop will be organized at the First Presbyterian church in the near future. The women of the Presbyterian church will give a dinner for the scouts of troop 6 of the First Presbyterian church because they won the Boy Scout football championship of Decatur. Announcements for the organization of the new troop will be made following the dinner at 6 o'clock Saturday night.

## SCOUT NOTES.

The mothers of the boys of Troop 6 are giving a banquet this evening to the troop in honor of this troop winning the football championship for Decatur.

Dr. George Lyons will give a lecture at the First Methodist church next Thursday evening on second class first aid work.

Scout Executive Kinister spent Friday at the Lincoln cabin giving tests all day to Scouts. Many boys took advantage of his being there and many tests were passed.

The Scout Masters' association will hold a meeting next Thursday at the Y. M. C. A. at 6:15 and take dinner together.

Mr. Baker, field executive of Chicago, made two talks Monday evening to scout masters and scouts in Decatur and told them many things worth while in this work. His visit was very much appreciated.

## BEMENT WOMEN HAVE DIME SOCIAL

Bement, Nov. 29.—Fifty-six women attended the dime social in the home of Mrs. W. M. Camp, Friday afternoon. The offering amounted to $10.60. A program of music and readings was given.

Mrs. G. A. Stadler and Mrs. L. H. Alvord of Decatur, Mrs. Guy Parks Conger of River Forest, Miss Louise Swain of Mt. Pulaski, Mrs. S. W. Hockman of Bloomington, Mrs. James Illiton of Decatur, Misses Winnifred and Emily Hammond and Frances Tenney of Chicago were among the guests.

The receipts at the Mystic Workers pie social Thursday night amounted to $10.05. One pie sold for $2.

Boocher Bell, yard clerk at the Wabash station, and his wife are spending a ten days vacation at the home of Mr. Bell's parents near New Albany, Ind. Mr. Bell is employing his time in hunting and fishing.

W. C. Warfield of Chicago is a guest until Sunday of his sister, Mrs. W. H. Harle.

Mr. and Mrs. Harry Fertig and daughter of Kansas City, Mo., are visiting their sisters, Mrs. E. E. Spear, Miss Viola Fertig and Mrs. Courtland Davies.

Winston Luce spent the Thanksgiving vacation here at the home of his parents, Rev. and Mrs. A. A Luce. He is a student at DePauw university.

Mr. and Mrs Sam Rhodes, Miss Vera Rhodes and Lloyd Rhodes have gone to Colorado. The trip is made on account of Mrs. Rhodes' health.

Mr. and Mrs. Ed Sprague will move into Sam Rhodes house the first of December.

Ralph Wright received his discharge from the navy in New York, Monday, and is now at home. He had been in the service since July 6, 1918, and had made four trips to France.

Mr. and Mrs. Byron Dyarman entertained at a family dinner Thanksgiving. The guests were Mr. and Mrs. E. B. Sprague, daughter and son, Mr. and Mrs. J. P. Sprague and son, Mr. and Mrs. Charles Baker, Mr. and Mrs. E. E. Totten and children, Mr. and Mrs. Ralph Myers and son, Misses Margaret and Carrie Dyarman.

Mrs. J. D. Murphy's guests Thanksgiving were Edward and Everett Hanson students at U. of I., Francis Mills and Wilbur Hanson of Brookston, Ind. Friday evening Mrs. Murphy entertained the members of her Sunday school class and those of Mrs. W. E. Olmsted's and Mrs. W. A. Hammonds' classes in honor of her guests.

Miss Ora Haynes will be hostess to the Standard Bearers Monday evening, Dec. 1.

CHURCH SERVICES.

The subject for the morning sermon at the Christian church is "Christian Joy." For the evening service it is: "Is the Bible Reasonable."

At the Presbyterian church the morning subject is "The Next Step." That for the evening is "The Way Home."

"The Stewardship of Prayer," is the subject for the morning service at the Methodist church, and in the evening the pastor will preach on, "The Devil—Who Is He?" This is the first in a series of four sermons on "His Majesty—The Devil."

## DICKSON VISITS HIS GRANDMOTHER

Ramsey, Nov. 29.—Adjutant-General F. S. Dickson and Major Rufus Stoddard were in Ramsey several days this week visiting their grandmother, Mrs. A. A. Stoddard, whose condition has been rather poorly of late. Her ailments are caused mostly from advanced age and though she rallies wonderfully, they are quite serious. Tuesday her condition was reported more favorable.

General Dickson and Major Stoddard have been in the steel strike area for the past nine weeks. No Illinois troops have as yet been employed but there is still much government investigation work being done among the radical classes.

General Dickson says the State of Illinois was never in better condition as regards state troops, in much better shape than any other state. The number of men is larger, the equipment more complete and the movement of troops can be made at a moment's call. One reason there has been so little violence among the strikers.

## SHUT OFF WATER TO SAVE COAL SUPPLY

Taylorville, Nov. 29.—Unless the coal strike is settled at a very early date, the water department will be up against a serious proposition.

Hoping to conserve the present supply of coal and make it last until the strike is ended, the mayor and waterworks committee of the city council have ordered a shut down of the pump between the hours of 11 p. m. and 5 a. m. each night until the situation is relieved. Precautions against fire are taken by filling the standpipe before the shut down each night.

## FREEDOM OF SEAS NOT DISCUSSED

Sydney, Australia—Sir Joseph Cook Minister for the Navy, recently declared in a speech before the Millions club here that "the freedom of the seas, the strong cause in President Wilson's fourteen points, was never once mentioned during the Peace Conference." Sir Joseph was Premier William M. Hughes colleague at the Peace Conference.

"President Wilson rallied," Sir Joseph continued, "that the navy is the sacred ark of the British covenent, and that it was not even discussable. Once let the British navy go and the world would be poorer as well as the Empire."

## DELAND COUPLE IN PRETTY WEDDING

Deland, Nov. 29.—Miss Lola Fern Bickel and Charles C. Trigg were married Wednesday evening at the home of the bride's parents, Mr. and Mrs. John E. Bickel. Rev. Royal Ennis, pastor of the Methodist church, performed the ceremony, the ring service being used.

About forty-five immediate relatives and friends were present.

The bride is the second daughter of Mr. and Mrs. J. E. Bickel and is an accomplished musician. She is a member of the Methodist church and choir, and is secretary of the Woman's club, and is prominent in the Rebekah and Royal Neighbor lodges. She was a member of the class of 1911 of the DeLand high school.

The bridegroom is the eldest son of George W. Trigg and only several months ago returned home from France where he served in the war. He is associated with his father in the house furnishing business.

The couple left Wednesday night for a week's wedding trip. On their return home they will go to housekeeping at once in the Mrs. Margaret Goodman residence.

# USED CARS
## Nov. 23—1919

Our stock at this time consists of Dodges, Buicks, Saxons, Overlands, Oaklands, Inter-States, Hups, Allens, Maxwells and Fords. All high-grade, light weight, late model touring cars, EXCEPT ONE VERY HANDSOME OAKLAND SIX SEDAN. We have no ROADSTERS OF ANY KIND at this time, but we are RIGHT AFTER SOME VERY GOOD ONES, and you can be assured when they come they will be the RIGHT KIND AT THE RIGHT PRICE. The SURE WAY TO FIND OUT whether we have what you want, OR NOT, is to come in and SEE FOR YOURSELF. The newspapers have something to say about how often we CHANGE OUR AD, and the ad does not always show the exact list, on account of changes that take place in our stock between times. Our stock is open to your inspection, and we always have GOOD ONES WORTH THE MONEY.

## Used Car Market

# H. H. KAEUPER HERE FOR FEW DAYS

## Former Head of Millikin Conservatory.

H. H. Kaeuper of Cincinnati, former head of the Millikin Conservatory of Music for eleven years, is spending a few days visiting old friends in this city. Mr. Kaeuper was in Hannibal, Mo., where he and a former pupil, Ethel Mundy Primm, gave a two piano recital on Monday evening. Miss Primm, who took her training under Mr. Kaeuper, graduated as pianist from the Conservatory in 1911 and as teacher in 1913. Before coming to Decatur Mr. Kaeuper made a visit to the Abraham Lincoln home and monument in Springfield.

TRIP WEST.

Mr. Kaeuper has been on a trip west, having visited in Kansas City, where he also attended a course of lectures, and having stopped at other places in Kansas and in Oklahoma. He is now on his way back to Cincinnati, and will go from here to Chicago and then visit friends in Indiana before going home.

Ever since giving up his work in the east Mr. Kaeuper has been at home with his parents in Cincinnati, devoting most of his time to work in his library. He is always glad of an opportunity to come to Decatur to see his friends and especially the conservatory, which was under his direction for so long. It was Mr. Kaeuper who directed the plans for the Conservatory building and for whom the recital hall in the building was named.

## Weddings

WELLS-FAIR

Miss Gladys Ruth Wells and Kenneth Fair were married late Friday night by Rev. T. Harley Marsh in his home. They were attended by some Decatur friends.

The bride is the daughter of Mr. and Mrs. Elsworth Wells of Jacksonville. Mr. Fair is the son of Mr. and Mrs. William Fair of Carrollton. He was formerly employed by the Snerly Grocery company. Since his return from the service he has been employed as a commercial salesman by a Jacksonville company. The couple will make their home in Jacksonville.

• • •

SALOGGA-KARLOSKI

Miss Mamie Salogga and Herman Karloski were married at 8 o'clock Wednesday night by Rev. Robert Hoyne, pastor of St. Johannes' Lutheran church, at his residence. Miss Martha Mintler and Albert Karloski, brother of the bridegroom, accompanied them. The bride is the daughter of Mr. and Mrs. S. S. Salogga of Lovington. Mr. Karloski is the son of Mr. and Mrs. John Karloski of Decatur. The couple will make their home on a farm near Decatur.

• • •

BEARD-GARDNER

Mrs. Stella P. Beard and Emmitt J. Gardner, both of Decatur were married Wednesday noon in Chicago by Judge H. Sterling Pomerdy. They were accompanied by Mr. and Mrs. George Gussman of Decatur. The bride has been employed by the H. S. Gebhart Dry Goods company. Mr. Gardner is employed as a machinest by the Wabash. They will make their home in Decatur.

• • •

HENEFIEL-CALDWELL

Stella Benefiel and R. M. Caldwell, both of Hume were married at 3 o'clock Friday afternoon by Judge J. H. McCoy in the county court room. An unusual coincidence was that the maiden name of the mothers of both the bride and bridegroom was Sarah Green, but that they were in no way related. Mr. Caldwell was born in Jonesville, Ky., and the bride was born in Holton, Ind.

• • •

SEIP-BUTTS

Clarence Seip, 337 Stuart Avenue, and Miss Ada Butts, also of Decatur, were married in St. Louis Friday. They expected to return to Decatur right away to make their home. The bridegroom is employed by the Whitaker-Hollis Auto Sales company.

## Personal

Miss Doris Herrin and Miss Opal Jackson, freshmen at the University of Illinois, are spending the week-end with Miss Jackson's parents, Mr. and Mrs. Hect Jackson.

Mrs. H. F. Armstrong returned Friday from Chicago, where she spent Thanksgiving with her daughter, Miss Frances, who is attending St. Mary's school at Notre Dame.

Mrs. O. W. Carrick and little daughter, Maxine, 1600 East Main street, have returned from a two months visit in Portland, Ore., and other western cities.

## WILL BUILD ROAD NEAR NIANTIC

**Final Hearing on Appeal from Highway Commissioner.**

The final hearing on the appeal from the highway commissioner in the matter of a new road a mile long running north from the north road about two miles west of Niantic, was held by County Highway Superintendent Preston T. Hicks at the town clerk's office in Niantic Friday. The decision was in favor of the road and the highway commissioner will now go ahead and open up the road. The road is badly needed, as in a stretch of two miles there is not now a single cross road.

Mrs. Mary Bruce, one of the petitioners, donated $1,500 toward the cost of the road, and also donated part of the land needed. The school board also donated a right of way through the school lawn. It will be an expensive road, as there is one bridge that will cost $5,000 to build and another $2,500, besides three small culverts to be put in. It will also cost $1,500 to do the necessary grading.

## How are the Roads?

All roads in vicinity of Decatur are dippery and muddy.

Sullivan—Rain falling in Sullivan Saturday morning. Indications that the roads would be slightly muddy Sunday.

## CLAIM SOLDIERS ARE SOLDIERING

London—Civilian visitors returning from tours of the battlefields in France criticize the salvage operations still being carried on there.

"Men who ought to be back at their work in England are engaged in collecting useless scrap on every battlefield under the direction of officers who have lost all keenness for work since the war ended a year ago," commented one returning visitor.

"I spoke to two officers, each of whom told me that the value of the salvage would not compare with the money spent in those operations," said another.

Others say that the French are complaining of the presence of thousands of Chinese laborers engaged on this work laying out tennis courts or building useless army huts.

## LIGHT CUT SAVES 25 TONS COAL DAY

Champaign, Nov. 29. — Elimination of display lights in the stores has saved 25 tons of coal daily, according to James R. Wood of the Urbana and Champaign Gas, Electric and Street Railway company. The conservation has enabled the company to maintain a supply of coal sufficient to last until next Wednesday.

By meter tests, the company had determined that a street car can be run 1,200 feet with the electricity required to start the car. In order to further conserve coal by conserving electricity, some stops are to be eliminated on the street car lines.

## EARLY FEARS ARE NOT SUSTAINED

London—When the British miner's work day was reduced from eight to seven hours it was estimated by exports that the change would cost the nation ten per cent of its coal production. Comparisons made by the American Chamber of Commerce in London announces that it has made comparisons which show that the reduction has been less than 6½ per cent.

## HALL OF FAME FOR AMERICAN TREES

Washington, Nov. 26.—A "Hall of Fame for Trees" has been inaugurated by the American Forestry association for the recongnition of famous trees and the location of the largest shade trees in the United States.

An elm at Huntington, Indiana, long has been regarded as the largest shade tree in the country. This claim of course excludes the Redwoods of California. Now comes Dumont Kennedy of Crawfordsville, Ind. with a picture of a tree on his property and the suggestion that it is larger than the Huntington Elm has a spread of only 75 feet. A tree at Framingham, Mass., also makes claim to being the largest.

Charles Lathrop Pack, president of the American Forestry Association, says:

"We want to complete list of famous trees now. There is the Liberty Tree on the campus of St. John's college at Annapolis under which a treaty with the Indians was signed in 1652. The experts tell us this tree is close to 800 years old. We all know of the William Penn Treaty Tree beneath which Washington took command of the continental army. At Oberlin, O., is the elm on the corner of the campus under which was the first log house in which Oberlin college was founded. The American Forestry association has listed many famous trees but it wants the list complete. If there is a famous tree in your town the association wants to know about it."

## PROVISIONS SHOW WIDE FLUCTUATION

Chicago, Nov. 29. — One advance after another has ensued every single day this week in the corn market. Among the chief reasons given has been likelihood that railway transportation of the crop would be seriously interfered with by coal shortage. Compared with a week ago, corn prices were 5¼ to 9½c higher this morning, oats up 2⅜@2¾c, and provisions varying from 20 cents decline to an advance of 90 cents.

Although at first owing to fresh moves by the government to reduce the cost of living, the bear side of the corn market seemed to have an advantage, the fact soon became apparent that coal strike developments resulted almost continuously as a stimulus to demand for corn. Even export business in the cereal acquired a little momentum. Adverse weather conditions were also decidedly influential in lifting corn values. Persistent reports of car scarcity and the readiness with which offerings were absorbed strengthened the market still further, notwithstanding that while corn was highest, stocks and foreign exchange were tending sharply downgrade.

Oats ascended with corn. Export sales took place at the highest premium yet this season.

In provisions, considerable irregularity resulted from conflicting influences which at times came from the differing swings of quotations on grain and hogs.

## MAKE STATEMENT ABOUT CLOTHING

Members of the firm who purchased the Ellwood & Handlin stock Saturday said goods have arrived since the transfer was made, but a large part of these goods were orders that the old firm had placed and were just being filled.

As to double markings on the clothing, members of the firm stated that it has been the practice to mark up such stock on hand as the market value increases. Some of the goods in this particular stock they said could not be purchased today for double the price it was originally marked to sell for.

## SPECIAL SERVICE AT ST. JOHN'S

**Speakers Secured for Every Night Next Week.**

Special services will be held at St. John's Episcopal church, commencing Monday, Dec. 1, at 7:30 every night in the interest of the nation wide campaign of the Episcopal church, a period of mission and revival. The special speakers will be: Monday, Rev. William Baker of Bloomington; Tuesday, Rev. L. L. Riley of Springfield; Wednesday, Daniel G. Swannell of Springfield; Thursday (to be announced) and Friday, Hugh Housum of Decatur.

## DEWITT FINISHES CORN SHUCKING

Clinton, Ill. Nov. 29.—Most of the corn husking was finished on Thanksgiving day in DeWitt county, with averages running between 40 and 45 bushels per acre. The price paid per bushel for husking has been 6 and 7 cents and the conditions have continued favorable most of the time for fast work. Corn is in excellent condition, although the yield is not quite so high as was expected.

**More Pay for Posing**

Everything has an upward tendency nowadays, including the curves of artists' models, who are demanding more pay — Birmingham Age-Herald.

## "OLD TIMER, YOU'RE A SIGHT"

## STEELE FUNERAL SUNDAY MORNING

Sullivan, Nov. 29. — Arrangements for the funeral of James A. Steele were made Friday afternoon and the services will be held from the Steele family residence at the east end of Harrison street Sunday morning at 10 o'clock. Rev. W. B. Hooper of the Christian church will have charge of the funeral services and will be assisted by Rev. J. A. Biddle of the Methodist church. If the weather conditions and roads permit the funeral cortege will leave as soon as the funeral is over for Mattoon, where the burial will take place, but should the roads or other be bad the body will be taken to Mattoon on the Illinois Central, leaving here at 11:15 a. m.

The members of Sullivan Lodge No. 784 A. F. and A. F. and the members of Gil W. Benard Commandry No. 74 will attend in a body. The pallbearers will be V. Harold Ray, George W. Miller, Samuel B. Hall, Otto L. Todd, Frank C. Newbould and Frank A. Reese. The directors of the Merchants and Farmers State Bank will be honorary pallbearers.

Mr. Steele was fifty-nine years of age at the time of his death.

ANXIETY OVER FIRE

The fire alarm was sounded at about 3:30 Friday afternoon for the residence of S. M. Palmer on north Market street, but it was found that it was only the flue burning out. The alarm caused quite a little excitement owing to the fact that the city is very near without fire protection on account of the shortage of coal at the city electric light and water plant and the most of the day it is impossible to get city water at all.

DECATUR BRANCH

The Decatur Garment Factory will open up a branch factory in this city in a very short time and will use the second story of the building on West Jefferson street, the first floor of which is used by the Auto Signal company. The machinery is expected to arrive here some time next week, ready for the factory to open. The branch will employ quite a large number of girls and arrangements already have been made for the required number of girls for the work in the factory.

TAKE OVER LEASE.

B. B. Burns and Billy Burns, who have purchased the automobile business of Edwards & Weidner and will take over their lease for the fireproof garage at the corner of Jackson and Main streets, are having quite a little work done on the interior of the building, and it will be considerably improved in its appearance when finished. B. B. Burns is of Decatur and Billy lived in this city until his father, the late J. H. Burns, moved to Decatur, but it is understood that he and his widowed mother will move back to this city as soon as they can secure a residence to move into.

PARENT-TEACHERS MEETING.

The Parents-Teachers association of the city will hold its meeting on next Tuesday afternoon at the South Side school building at 3:45 when the following program will be rendered:

Roll call—Answered by short quotations from books.

Music by pupils of the second grade.

Paper on "Literature for Children," by Mrs. Arlo Chaplin.

Music—Selection by Miss Nancy and Miss Nellie Whitman.

Paper on "Children's Literature," by Mrs. Nettie B. Roughton.

Reading—Mrs. R. V. Gibson.

CHURCH SERVICES.

Christian—The usual services will be held both morning and evening. Subject for morning sermon "Sacrifices and Religion," and in the evening, "A case of Non-Conversion." The every-member canvass will be taken Sunday afternoon, Dec. 7.

Methodist church—The usual services will be held both morning and evening. In the afternoon at 3:00 o'clock a meeting for women only will be held and will be addressed by Mrs. Mary Steidley. The revival services will continue throughout next week at least and services will be held each evening except Saturday evening.

Presbyterian—The usual services will be held throughout the day and evening Sunday. The theme for the morning service will be "Handicaps to Character," and in the evening, "False and True Success."

Christian Science Society—Sunday school at 9:30 and lesson sermon at 10:45. Subject: "Ancient and Modern Necromacy, alias Mesmerism and Hypnotism Denounced."

## COAL SITUATION ACUTE IN CLINTON

Clinton, Nov. 29.—The local coal situation became more acute Friday with all dealers practically out of coal and some entirely out of coal. The price of coal is now $7.50 per ton, since the dealers are compelled to post their checks for $5 per ton at the mine, with freight and overhead costs added to the $5.

C. E. Crang received one car of coal Friday out of the yards after having the car in the yards for some time. Other yards were entirely out of coal. W. M. Taylor had one car of Assumption coal billed to him for delivery today on his track.

Dealers said yesterday that they would sell coal at as near cost as possible while they could to relieve the local situation and would endeavor to watch out for people as long as possible.

All public buildings have been well taken care of, except the Y. M. C. A. which is, without coal at the present time, the indication being that it will be only a matter of a few days until the entire coal supply will be exhausted. Secretary F. J. Vogler was endeavoring yesterday to secure coal in Clinton to tide over, but the supply is limited.

As was formerly stated the Clinton Gas & Electric company has coal enough on hand to last for a few more days, but the quality of the coal received has been poor. Coal used by the railroads is reported to be poor and trains have been running late in some instances.

## Toledo Seeds.

ALSIKE—Prime cash $31.00; December $31.00; March, $30.20.

TIMOTHY — Prime cash, 1917, $5.15; cash, 1918, $5.45; cash, 1919, $5.67; December $5.67; March, $5.87; April $5.87.

## BEMENT MAN IN MONTICELLO SCHOOL

Monticello, Nov. 29. — The local board of education Friday morning employed J. O. Carter of Bement to fill the vacancy in the eighth grade, junior high, caused by the resignation of W. J. Robison. Mr. Carter is to receive $1,000 per annum and will teach physiology, geography and some of the sciences.

Miss Bertha Denrkos of the community high spent the Thanksgiving vacation in St. Louis.

R. Kean and family arrived Saturday and will occupy the Cole residence vacated by W. L. Hagan. Mr. Kean will on Monday begin the duties of superintendent of the Monticello schools.

H. N. Knight of Oklahoma City, Okla., came Friday to attend the funeral of A. C. Thompson and visited his sister, Mrs. Jessie F. Andrew.

W. M. Adkins and son, Harold, were in Allerton, Ill., Friday on business.

Mrs. Metta Archer of the high school spent the Thanksgiving vacation with her father in Ottumwa, Iowa.

J. T. Gale of Decatur spent Thursday here with his mother.

Byron Clow and daughter, Irma of Omaha, Neb., came Friday and are visiting relatives. Mr. Clow came to attend the funeral of Asher C. Thompson.

Miss Augusta Kastel spent Friday in Decatur.

Mr. and Mrs. Bolton Mallory spent Thanksgiving at the home of Mrs. Mallory's parents, Mr. and Mrs. H. J. Evans.

Miss Esther Kelso, eighth grade teacher, spent Friday in Charleston.

Miss Pearle Bailey, of Decatur attended the Cosmos club dance Thursday evening. She was a guest of Mr and Mrs. C. W. Wagy.

Irene Zack entertained her friends at a party Friday night.

The Woman's Foreign Missionary society of the M. E. church met at the home of Mrs. Mary Plunk Friday afternoon.

Mrs. Inez J. Bender of Decatur spent Thanksgiving here with her daughter, Mrs. J. C. Tippett, and family.

## SHARP SETBACK BY HEAVY SELLING

Chicago, Nov. 29.—Stormy conditions likely to hold back the crop movement led today to fresh advances in the corn market. Uneasiness over the coal strike and the Mexican situation tended also to put bears at a disadvantage. What selling there was came mostly from holders who wished to realize profits. Opening prices, which varied from the same as yesterday's finish to 1¼c higher with December $1.37 to $1.38 and May $1.33 to $1.33¼, were followed by material gains all around.

In the last hour, a sharp setback took place as a result of sudden heavy selling through commission houses. The close was weak, ⅝c to 2c net lower with December $1.35¼@1.36¼ and May $1.30⅝@1.31.

Oats were relatively easy. For the most part, trade was of a local character. After opening unchanged to ½@⅝c lower including May at 77¼ to 77⅝c, the market scored a slight advance.

Heavy curtailment of lard shipments had a bearish effect on provisions. Higher quotations on corn and hogs failed to check weakness.

## PRICE OF CORN MAKES ADVANCE

### Egg Shippers Offer 70 Cents a Dozen.

Corn prices have risen again but in the present condition of affairs price make little difference in deliveries. Farmers are still showing an indifference in regard to selling even at the price now offered.

Shippers of eggs report the highest price which they have ever offered here, one dealer putting his price up to 70 cents a dozen but when asked if that did not make them very high for the buyer in the east, said that the price here made no difference at this time as not enough eggs were coming in to ship anyway. Shipping butter has also been advanced again, this time to 44 cents a pound.

Hogs are firmer in the terminal markets but unchanged here.

## MODERATE GAINS BY SOME STOCKS

New York, Nov. 29.—Stocks were under further pressure at the opening of today's brief session, the shorts again making the most of the unfavorable conditions at home and abroad. Reactions of 3 to 15 points marked the early movement in numerous industrials and specialties, notably American Tobacco, General Motors and Crucible Steel. On the rebound of the second hour some of these losses were recovered in part or whole, oils reacted moderately with shippings and metals, but those issues also made partial recoveries. A few leaders including United States Steel and investment rails showed moderate gains toward the end. The closing was irregular. Sales approximated 750,000 shares.

## BLACK SAYS COAST DEFENSES NEEDED

Washington, Nov. 29.—Necessity for the maintenance of defensive works at important and strategic points along the coats of the United States is no less patent today than before the war with Germany, in the opinion of Major-General William M. Black, chief of engineers. In his annual report published today, General Black declared that "the coast defenses had lost nothing in importance from the lessons of the war."

# NO MEETING HELD TO CONSIDER COAL MINING IN DECATUR

### *Many Men to Be Out of Work in Few Days—Cold and Hunger Threatens City.*

When, where or whether a meeting of the operators and miners of Decatur would be held Saturday was unknown at 2 o'clock Saturday afternoon. It was expected Saturday morning that a meeting would be arranged to take up the local situation which has become extremely critical with factories already shutting down and with others to follow in rapid succession early in the week unless coal is secured.

SOME SUFFERING

Buildings, stores, homes and factories are becoming so short of coal that industrial suspension as well as some suffering is developing with great rapidity.

It was expected Saturday morning that a meeting would be held some time during the day or evening when the question of starting the mines under the proposition put out by the government of fourteen per cent advance to the miners with no advance in the price of coal to the consumer was expected to be discussed.

MUST ACT QUICKLY

What will be done is as yet uncertain but that something must be done within a few hours has become increasingly evident. If the operators will express a willingness to try out the government plan it will then be put up to the miners. How they will stand on the proposition is not known but that the community must have coal with winter rushing down from the north is becoming the outstanding fact before this community at this time.

LINCOLN WANTS HELP

Other communities are also becoming desperate as was shown by a telegram which was received by the Decatur Association of Commerce from the Lincoln Commercial club which said:

"Our coal situation justifies appeal for relief on coal situation. We have wired Secretary Garfield to that effect. Support if you think advisable."

STALEY BUYS COKE

The pile of coke at the gas works of the Decatur Railway & Light Co., is melting away rapidly, especially when the Staley Co. began hauling 200 tons from there Friday.

"Now is the time to show whether your religion is the kind that will wash without fading" said a well known business man Saturday.

"We have enough room in our house for several families if need be and we will certainly make room for them rather than have anybody suffer with cold. It will be better to keep a few crowded houses warm than try to spread a limited amount of fuel among many."

COLD AND HUNGRY

"Well" said a working woman who will lose her place if the coal supply runs out at the factory where she is employed, "it is bad enough to be cold but to be both cold and hungry, which will happen to some of us if all work stops, is indeed very serious. I certainly hope they get this settled. At the cost of food, shoes and clothing a woman who is working to support a family cannot afford to be idle even at the high wages we get now. Somebody ought to fix this up before everybody gets thrown out."

## SCHOOLS KEEPING CHILDREN WARM

The public schools have enough coal on hand to heat the school buildings through sixty days of bitter weather. Business Agent Kinkade has promised Commissioner Mutton to honor all orders for small lots of coal to relieve distress. So far there have been no orders given for school coal. The schools have so far supplied some coal to a half a dozen school janitors who were entirely out of coal. The offer of the business agent to supply coal for emergencies does not mean that the public school coal bunkers are to be opened up to the public. The public schools must be continued if possible and they are in one way relieving the public need of fuel. While the children are being warmed in school they do not have to be warmed at home and this does in many families greatly reduce the coal consumption. Then there is also the possibility that the suffering for lack of coal may become acute and the public school buildings will serve as refuges.

## IN CONTEMPT IF COAL IS NOT MINED

Indianapolis, Nov. 29.—Coal must be mined and every miner, operator or any other person who has acquired knowledge of the temporary injunction and who thereafter violates its terms will be cited for contempt, today declared Dan W. Simms, special assistant United States district attorney.

## 4,000 TONS COKE SOLD IN 30 DAYS

M. L. Harry, general manager of the Decatur Railway and Light company, said Saturday morning that the company had sold 4,000 tons of coke during the last thirty days and that only a few hundred tons remained of the big pile on hand when the strike began. People have been hauling it away at the rate of more than 100 tons a day. During the last two weeks they have been hauling about 200 tons a day. The company still has a limited quantity for sale, but the supply is running low and the sale may be stopped any day. At the present rate of demand it will all be gone in a few days.

## OPERATORS SAID TO BE IN CAPITAL

Decatur coal operators were understood to be in Springfield Saturday morning. A message said there was a meeting of the Central Operators association in session which was a regular meeting held every three months. As far as could be learned it was of purely technical mining conference and no reference to the strike. It was understood the operators would be back Saturday afternoon.

## MAY PUT SOME OUT OF BUSINESS

"Looks as if that would put the coal dealer who ships in coal to sell out of business," remarked one of Decatur's dealers in coal shipped in from outside mines.

"If Uncle Sam runs the mines or takes over control of the output I don't suppose that he will allow any coal to be shipped to a town which already has two mines of its own. Looks to me as if I was out of business. At least that is the way it worked during the war and with the shortage which will be created by the long suspension I am looking for a fuel rationing system this winter, at least until we get somewhere near normal production.

## SIX MORE CARS FOR MUNICIPALITY

Mayor Borchers secured three more cars of coal Saturday morning and had the promise of three more for Sunday morning. Teamsters who have been delivering this emergency coal for the city will keep right on making deliveries Sunday. It is hoped that by Monday another shipment will be in sight.

## Births

To Mr. and Mrs. W. A. Eagleton, 2028 North Union street, Thursday, Nov. 27, a son.

# FACTORIES POST NOTICES OF FORCED CLOSINGS

Factories of the city, which will have to close down within a short time unless the coal situation clears up immediately, are posting notices notifying their employes of the fact that the plants will be shut down. Practically all the industrial plants of the city are in the same boat, when it comes to the coal situation. Most of them have about a week's supply yet on hand. Others have not enough coal to keep them going that long, while a few will be able to continue work for two or three weeks yet.

The Union Iron works plant is now closed until Monday. Saturday morning it had not been decided whether or not it would reopen Monday or not. The plant has only a small supply of coal on hand, and in case work was resumed Monday it could continue for only a short time unless relief comes at once.

The Decatur Bridge company has a supply to last a week longer, but if the coal trouble is not settled it is likely that the plant will close about Thursday, in order to save part of the supply for keeping heat in the buildings. Notices were posted Friday explaining the situation to the employes.

The Pan-American corporation has notified its employes that the plant will shut down a week from today, unless the coal situation is relieved at once. The plant has enough coal on hand to continue for the coming week.

The Mueller Manufacturing company can run until Dec. 4 or 5, but not longer than that.

The E-Z Opener Can company has enough coal to keep its plant running for another week. If relief does not come by that time, however, it will have to close down.

Notices are being posted today at the Walrus Manufacturing company's factory, where there is coal enough to last for only ten days or two weeks more.

The Faries factory has about a week's supply on hand.

The Decatur Malleable Iron works can continue work for ten days or two weeks yet.

The Williams Sealing company gets power from the Decatur Railway & Light company, so the question of closing there is up to that company. The company has enough coal, which it uses only for heating the building, to last for thirty days. That applies only to the heating of the place.

The Lyon Lumber company has about a week's supply of coal on hand. If it appears, however, that the coal matter is not settled within a few days the plant will shut down before the week is up.

The Comet automobile company may be able to run for two or three weeks yet. A car load of coal expected there was taken by the railroad this morning, and it is possible that the plant may have to close sooner than expected.

Norman's laundry expects to be able to run next week yet. The coal supply there is nearly gone, but Saturday they managed to get enough to tide them over a few days longer. Sixteen families, living in the Norman apartments above the laundry, depend upon them for heat. They do not, however, heat the Syndicate building next to the laundry.

# GRANT NEW TRIAL TO WALDO BUCHEN

### Risley and McEuen Sent to Prison.

Judge Whitfield, in the circuit court Saturday morning, granted a new trial to Waldo Buchen, who was convicted Friday with Philip L. Risley and Harry McEuen on a charge of burglary and larceny. There was no evidence that Buchen was with the other two at the time the burglary was committed, or that he had a hand in the theft of the three rugs from the Wabash car, except that he was in company of the other two shortly afterward and was with them when they went to the shed where the rugs had been concealed and was arrested with them when they went to get the rugs.

The motion for a new trial for the other two was denied.

CONSIDERS PROBATION

Judge Whitfield was inclined to limit McEuen to probation, although he defendant had not asked for leniency. He had a wife and mother and two little children. Judge Whitfield asked if McEuen's record, aside from this case, had been good, and McEuen's attorney, J. C. Lee, said that in fairness to the court he must say that it was not. Judge Whitfield called McEuen to the bar and asked him what the other trouble was, saying it might not be serious enough to bar him from being admitted to probation.

McEuen told the court that fourteen years ago, when he was a boy, he had been convicted of petit larceny. Judge Whitfield even then was disposed to overlook the indiscretion of a thirteen-year-old boy and he told McEuen so, but the latter said there was something else. "Don't tell about the other," soothed McEuen's mother, and turning to the court she said, "He has been so very, very good since he was married, don't make him tell."

TO PENITENTIARY

"I've got to do it," said McEuen, and then he told Judge Whitfield of another chapter in his life that if known to the court would render his admission to probation impossible. Therefore he and Risley were sentenced to the penitentiary at Chester for indeterminate sentences.

"I am sorry," said Judge Whitfield later. "I admire his frankness. He could have told a white lie and have been admitted to probation. He was not under oath and nothing could have been done to him for that. It is to his credit that he would not lie about it."

As he was taken away McEuen declared that he was not guilty of the charge in the case just finished. He did not go on the witness stand in his own behalf. His mother had remarked, that if Harry had gone on the witness stand he would not have been convicted.

PHILIP RISLEY FINED

In the case where Philip L. Risley was convicted of having obscene pictures in his possession, a new trial was denied and Risley was fined $25 and costs, but on account of his being sentenced to the penitentiary he was not committed to jail till the fine and costs are paid.

There is still another larceny case against Risley, and this was stricken with leave to reinstate.

PLEAD GUILTY

In the case of Charles F. Dively, William Bates, George Bates and George McCauley, who pleaded guilty to petit larceny and asked to be placed on probation, Judge Whitfield denied the petition of George McCauley and William Bates and each was fined $25 and costs and sentenced to the Pontiac reformatory for a period not exceeding one year. George Bates and Charles F. Dively were admitted to probation.

## FUNERALS.

CALVIN G. BRADEN.

The funeral of Calvin G. Braden was held at 2 o'clock Friday afternoon at the family residence, 538 North Franklin street. Many friends attended the services, which were conducted by Rev. Freeman A. Hayghurst, pastor of the First Methodist church.

The music was furnished by Mrs. A. M. Sinclair and Mrs. H. W. Stephens.

There were many beautiful floral tributes, in charge of Mrs. Arthur Wikoff, Mrs. A. L. Fullmer, Mrs. John Smith, Mrs. M. N. Shaw and Mrs. Henry Koons.

The pallbearers were Roy Bennett, Lou Braden, Charles Trowbridge, Charles Braden, Mahlon Brintlinger and Ralph Kepler. The interment was in Fairlawn cemetery.

MRS. BARBARA SLAYTON.

The funeral of Mrs. Barbara Slayton will be held at 2:30 o'clock Sunday afternoon at the Christian church in Mt. Auburn.

JAMES A. STEELE.

The funeral of James A. Steele will be held in Sullivan Sunday afternoon.

JOHN BLANFORD.

The funeral of John Blanford will be held at 2 o'clock Monday afternoon at the family residence, 1008 North Oakland avenue. The interment will be in Fairlawn cemetery. Mr. Blanford leaves a sister, Mrs. Bell Ellis, in Logootee, Ind., who was not mentioned with his other relatives.

## Personal

Rev. J. R. Golden spent Friday in Champaign in the interests of the Educational board of the Christian colleges of the state.

**Contagious Diseases**

A case of influenza is reported in the Jackson family, 928 North Main street.

A case of diphtheria is reported in the family of Bernice Crose, 1286 East Cerro Gordo street.

# WILLIAM POWELL KILLED IN EAST

### No Details of Former Baseball Player's Death.

### AT NEWPORT NEWS

### Wife Was On Way With Children.

William F. "Billy" Powell, former Decatur Three-I league catcher and well-known in local baseball circles a resident of Decatur until a few weeks ago, was killed in an accident Friday at Newport News, Va., according to a message received Friday afternoon by his brother-in-law, Frank Potter, Wabash chief dispatcher here. Mr. Potter left early Saturday morning for Newport News.

Details of the accident were not given in the message but it is presumed he was killed while at work. He left here eight weeks ago to resume his old position with the Chesapeake & Ohio at its coal piers at Newport News, where ships are coaled. Mrs. Powell, formerly Miss Fannie Potter of Decatur, and their two children, Helen and William were on their way to join their father. They left Thanksgiving day and their household goods were shipped last Tuesday. Mrs. Powell was reached by message at Cincinnati.

WAS CATCHER.

Powell came to the Decatur Three-I team as a catcher, perhaps twelve or thirteen years ago and was ranked as one of the best Decatur ever had. Over eleven years ago he married Miss Potter. For a while they lived away from here but later came back to Decatur to reside. He had been employed as a trainman on the Illinois Traction System out of Decatur for the last year and one-half, until leaving here eight weeks ago.

Just what arrangements for burial will be made, relatives here do not know, but it is probable no arrangements will be made until after Frank Potter arrives there.

# ELKS' MEMORIAL SERVICE DEC. 9

### Fred C. Mortimer, Springfield, to Speak.

Memorial services will be conducted by the Decatur lodge number 401 Elks in their building at 3 o'clock Sunday afternoon, Dec. 7. State's Attorney Fred G. # WRECK ON WABASH DELAYS TRAINS

### Freight Blocks Line East of Philo.

### DETOUR PASSENGERS

### C. I. & W. Trains Also Late Account Wreck.

The Wabash staged a rather queer freight wreck between Tolono and Philo on the east end about 9 o'clock Friday night, tearing up things so that passenger trains Nos. 2 and 5 had to be detoured by way of the I. C. between Tolon and Champaign and the Big Four between Champaign and Danville.

An east bound freight, doubleheading, caused all the trouble, and it marked the finishing of what was going to be good, fast freight trip. The engines broke apart and when they came together again, the pilot was smashed down and other damage done. One car a short distance back of the engine and one a short distance ahead of the caboose, left the tracks and eight draw bars were pulled out, also some track torn up.

The wrecker from Decatur went over and was there most of the night, cleaning up things. The engines were Nos. 2423 and 2440.

**Trains Late.**

A combination of things caused the Wabash to have trouble with its passenger trains Friday night, the result being that several of them were hours late. No. 5, which was already running about two hours late, was caught behind the wreck at Philo and had to be detoured. It did not get into Decatur until about day light Saturday morning.

Nos. 3, 17 and 28 were also late. No. 17 came in on time, but Engine 670, scheduled to take 17 out, pulled a liar, and caused the train to be delayed for several hours. Even the C. I. and W. had trouble. No. 35, the Indianapolis to Springfield passenger due through here about 9:30 at night, was held up behind a freight wreck at Chrisman and did not get in to Decatur until 2:35 Saturday morning.

**To Funeral.**

General chairman of the different crafts at the Wabash shops are expecting to go to Montpelier, O., Saturday night where they will attend the funeral of Alton Stevens, a member of the executive board for the boilermakers on the Wabash system. Stevens was well-known here and was a popular man. He underwent an operation for appendicitis several days ago but failed to recover and died Friday.

**Railroad Notes.**

Conductor "Cappy" Jones has marked up for duty following a slight operation on his neck.

Conductor E. A. Grothe has marked back up for service. He has been off for several days because of the death of a sister-in-law in the east.

The Wabash will handle a whole trainload of Mexican laborers through here, probably Saturday. Word has been received that a special train of them was scheduled to leave Chatham, Ontario, Saturday. These are supposed to be some of the same workers that the road hauled up some months ago to work in sugar refineries. They are booked for El Paso, Texas. Such a movement of Mexicans at this time caused a number of railroad men to surmise the present crisis between that country and the United States, was causing many of these laborers to want to get home.

William Delaney, inside clerk at the yard office, has turned his day time job over to Bob Gates, and has gone on the night job. The reason for the unusual change is that Delaney expects to take up farming near Litchfield and is using the daytime to attend farm sales and pick up stock and implements for this farm.

Alex C. Ryan, Wabash dispatcher, and Mrs Ryan are in Chicago, visiting the latter's relatives. They will return home Monday.

## AUTOMOBILE GOES THROUGH WINDOW

### A. C. Foley Failed to Shift Gears.

A. C. Foley, 1357 North Water street, will be sure that the next time his automobile engine goes dead on him that he will not leave it in gear when he gets out to crank it again.

Saturday morning while backing his Saxon car out of the Willard Battery Service station on to east Main street his engine stopped while he was crossing the sidewalk. Forgetting that he had left the engine in gear he climbed out through the side curtains to crank the machine. The first whirl was very successful. The machine started to back, the front wheels turned as the car went off the sidewalk and because of the fact that the side curtains were on the car he could not get into it with the result that before it had stopped it had turned around, climbed the curb in front of the Ford agency building of C. A. Starr, going on through a plate glass window, the rear wheels going up and over the window sash which was about fifteen inches from the sidewalk.

The car was not badly damaged but the plate glass was smashed into bits.

## ALVIN YORK NOT TO GIVE ADDRESS

### Goes Home on Account of Wife's Illness.

Serg. Alvin York, who was to have spoken at the Decatur high school auditorium Monday evening under the auspices of the Decatur Rotary club will not be here for the address. His wife's illness caused him to cancel his engagements after his address in St. Louis Friday night and he returned home. His wife has a severe cold but a special dispatch to The Review from St. Louis says she is not serious.

The cancelling of the engagement is regretted here. Up to Saturday morning there had been 500 seats reserved and it is practically sure that the entire auditorium would have been sold out. The admission charge was to have gone to the York foundation for a school in the Tennessee mountains.

## WARNING AGAINST BOMB PACKAGES

New York, Nov. 29.—New York's prominent citizens yesterday were officially warned by the district attorney's office against the possibility of bomb bearing Christmas packages. Acting on advices received recently from the Philadelphia police that radical plans had been discovered for repetition on a wholesale scale during the holidays of the bomb mailing plot of last May day, the district attorney advises caution in handling all parcels received between now and New Years day.

The May day outrages were cited as "examples of the extent to which desperate minded radicals will go in order to inflict punishment upon the representatives of law and order whose duty it has been to supress the advocates of "direct action."

# *FARIES PARK WILL BECOME PROPERTY OF CITY EVENTUALLY*

### *Daughters to Follow Wishes of Father, Robert Faries, Who Left No Will.*

That Faries park, the little suburban resort which has been developed on the Illinois Traction System where that road crosses the Sangamon river east of Decatur, will eventually and probably in the near future, become the property of the community is practically assured by the expressed wishes of Mrs. L. P. Walbridge and Mrs E. P Irving, only daughters and only heirs of the late Robert Faries to follow out the plans of their father.

During his life time while interested in the development of the recreation spot Mr. Faries would jot down something of what he had in mind regarding the future of the park but as he did not make a will of any kind his daughters can only follow his expressed wishes and the plans which they found noted on some papers which he had submitted to a lawyer preliminary to making the will which he did not complete.

W. A. WALTON, MANAGER.

Mrs. Walbridge and Mrs. Irving will not, of course, give the park the personal attention which their father did as his recreation and hobby of his way of expressing his love of nature and of keeping his health, but arrangements have been made to have W. A. Walton and Mrs. Walton remain at the park as they have in the past several years and to carry on the park activities as before.

This will be good news to the many persons who have cottages near the lake and on the hillsides of the park who will now feel that they can make their summer plans as they have in the past.

TO WORK OUT PLAN.

Just how the tract of ground will eventually be transferred to the community will be worked out by Mrs. Walbridge and Mrs Irving with the assistance of the attorneys for the estate. There being no will the estate will follow the usual course of intestate estates and it is probable that after the necessary time has passed and the usual legal formalities completed that some kind of a transfer or trusteeship for the benefit of the community will be made.

Faries park will remain as a memorial to one of Decatur's substantial citizens, a man whose business life was spent here and whose interests in the community was shown by the creation of this play ground after he had reached the age at which most men think only of themselves.

## NEWBERRY JURY TO REPORT EARLY

Grand Rapids, Mich., Nov. 29.—No report came this morning from the federal grand jury which is investigating the Newberry senatorial campaign of 1918. The only indication that a return might be imminent was the fact that when the jury adjourned for luncheon, it was announced that it would reconvene a half hour earlier than has been its custom. There was a rumor about the federal building that the investigation might extend over to next week, but this received no authoritative backing.

# NAVY SCORES 3 POINTS ON ARMY

New York, Nov. 29.—First period—Capt. McQuarrie of the army won the toss and selected the east end of the field with a slight wind at his back.

At 2:03 Clark kicked off to the army's 30 yard line. After one line plunge McQuarrie punted, the ball going out of bounds on the navy's 30 yard line. Two runs by the navy through the army's right wing put the ball on the army's 40 yard line. From the 37 yard line Clark, navy's fullback, tried a field goal but it fell five yards short.

McQuarrie punted to the navy's 45 yard line. Clark made six yards around the army's right end. Koehler made it first down on the army's 43 yard line. Benoist, right half back for the navy, made another first down on the army's 35 yard line. A navy forward pass was grounded.

The navy lost the ball to the army on the soldiers' 35 yard line with an incompleted forward pass. McQuarrie punted to the navy's three yard line. Schabacker made a fair catch of the return kick on the navy's 25 yard line. McQuarrie tried a field goal from placement but the ball went wild and the navy put it in play on their 20 yard line. The army line was adamant and Clark was forced to punt. Wilhide caught the ball on the army's 45 yard line and was dropped without gain. Score: Army 0; Navy 0.

Second period—After the teams changed goals, the navy, in three line plunges made a first down on their own 62 yard line and punted to the army's 20 yard line. The cadets punted the ball back to the navy's 47 yard line. White replaced Kieffer as left end for the army. The middies steadily battled at the center of the army line gaining the soldiers' 22 yard mark.

Benoist picked up four yards outside army's right tackle. The third play was simply a shift across the field to get in front of the goal posts. From the army's 25 yard line King kicked a field goal.

Score, Navy, 3; Army 0.

The kick was made from a scrimmage placement, the ball being held by Capt Ewen. The army kick-off caught by Koehler who was thrown on the navy's 35 yard line.

Herrick replaced Vogel at right guard for the army. Cruise made 4 yards outside of Travis. Clark in a mass attack at center added three more.

Then he dropped back and punted for a touch back over the army goal line. West Point, from their 20-yard line made five yards inside of Capt Ewen. The navy line held here and while the navy stands called for a drop kick Capt. McQuarrie punted out of bounds on the Navy's 33-yard line. Benoist pierced the Army's left wing for 7 yards and here the second period ended. Score: Navy, 3; Army, 0.
